Bachelor of Teaching

Early Childhood Education

A passionate, skilled and qualified early childhood teacher has an important role in the learning and development of infants, toddlers and young children. The early years of a young child's life lay the foundation for life-long learning.

This programme enables you to undertake study two days a week on-campus to attain a teaching qualification while being employed or working voluntarily two days a week in an early childhood setting.

On completion of the Bachelor of Teaching (Early Childhood Education) you will be ready to apply for registration as a provisionally certificated ECE teacher with the Teaching Council of Aotearoa New Zealand.

TE AHO A MĀUI

Te Pūkenga

Make a difference to the lives of others

The Bachelor of Teaching - Early Childhood Education (BTECE) offers you the opportunity to gain a professional qualification as an Early Childhood Teacher leading directly to employment opportunities. This is a field-based teacher education programme which provides a balance between theory, research and practice.

Field-based education enables you to regularly apply your classroom learning. It allows you to undertake study and attain a teaching qualification while in employment or working voluntarily in an early childhood setting. This qualification prepares you for further postgraduate study should you choose to do so.

You will attend classes, on-campus, two days a week and undertake a minimum of 12 hours per week in a licensed early childhood education service. The programme is normally studied full-time over three years.

You are welcome to make an appointment to discuss your study options with our staff and to view our campus and facilities.

Career and study opportunities

An internationally recognised degree in early childhood education gives a professional qualification that enables opportunities to work in a range of vocations.

Career opportunities include teaching in:

- Kindergartens
- Early childhood education and care settings
- Home-based services
- Special education

This qualification also prepares you for further postgraduate study.

Field-based and professional experience placements

EIT | Te Pūkenga has partnerships with the Early Childhood Education sector in Hawke's Bay who you will have field-based and professional experience placements with.

Student teachers will need to comply with any proof of vaccination requirements imposed by third party organisations that they interact with as an integral part of their study. The third party will be responsible for managing compliance with their policy. As an example, this may include organisations that provide ākonga with professional experience placements. EIT | Te Pūkenga will advise student teachers of this requirement at the earliest opportunity and discuss any implications.

Field-based experience

Field-based experience occurs when you work in an employed or non-employed capacity in a licensed early childhood setting. This is sustained practice under the supervision of a qualified mentor teacher who is registered and holds a current full practising certificate.

It consists of 12 hours a week for 14 weeks per semester, for a total of six semesters, except when on professional experience placement.

Professional experience placement (PEP)

This placement is chosen and approved by EIT | Te Pūkenga in line with the Teaching Council of Aotearoa New Zealand's requirements. You undertake four PEP placements across three years: Year One - four weeks; Year Two - five weeks; and Year Three - seven weeks, a total of 16 weeks.

PEP occurs when a student teacher has teaching experience in a setting (other than the one in which they work in an employed or non-employed capacity) and is supported by a teacher who must be a qualified and registered teacher and hold a current full practising certificate.

PEP is undertaken in a range of licensed, community and private early childhood care and education settings. These settings are predominantly in the immediate region of Napier and Hastings but includes Southern Hawke's Bay, Waipawa, Waipukurau, Wairoa and Dannevirke.

The interviews are conducted by a panel comprising EIT | Te Pūkenga BTECE teacher educators, usually assisted by an Early Childhood Education sector representative or other EIT | Te Pūkenga academic representative. Interviews will be conducted in an equitable and professional manner, with every endeavour to make applicants feel at ease. Applicants may bring family/whānau for support. Areas considered by the selection panel include:

- Personal qualities;
- Professional qualities;
- Knowledge and experience of pre-school aged children;
- Other work and community experience; and
- Cultural knowledge and understanding.

Applicants will also be required to pass:

- A literacy competency assessment set by the School of Education and Social Sciences, EIT | Te Pūkenga; **and**
- A numeracy competency assessment set by the School of Education and Social Sciences, EIT | Te Pūkenga. In preparation for this, applicants may find the following resources useful:
 - <https://pathwaysawarua.com/>

Some examples of questions that could be expected may also be provided upon request.

Applicants who pass the assessments will be considered for enrolment in the programme in line with the overall selection process.

Entry with credit

There is provision for both Cross Credit (CC) and Recognition of Prior Learning (RPL). Applicants may be awarded credit for up to 240 credits (the equivalent of sixteen 15 credit courses, or two thirds of the programme). Teaching Council of Aotearoa New Zealand recognition of prior learning regulations will be adhered to for both CC and RPL.

- CC is based on the equivalency of courses or qualifications. You would apply for CC if you have passed a very similar course at the same level.
- RPL is available and is assessed in line with EIT | Te Pūkenga procedures and the requirements of the Teaching Council of Aotearoa New Zealand.

You will be asked to provide details of anything that you would like to be considered as credit toward your intended programme of study, as part of your application.

Please note: The Teaching Council of Aotearoa New Zealand regulations stipulate that consideration of CC is normally restricted to study completed within the last six years.

You must apply prior to enrolment. CC and RPL cannot be awarded for a course if you are already enrolled in that course. An original transcript or notice of results from the institute at which you previously studied (or verified copies) will be required for all applications.

For further information and enquiries about CC and RPL please contact Tania Du Plessis, on 06 830 1032.

This qualification has been approved by the New Zealand Qualifications Authority.
