Study in New Zealand; take on the world

Kia Ora Welcome to EIT

EIT offers world-class programmes to set you up with qualifications, skills and industry experience for the future. As one of New Zealand's leading tertiary institutes in applied professional and vocational learning, we're proud of our balanced approach to study that combines practice-based learning with academic theory to prepare you for global career success.

Delivering essential knowledge and skills for the workplace, our programmes will also teach you critical thinking and communication, along with analysis and resilience for a future-proofed career. Our experienced lecturers are passionate about sharing their knowledge and expertise. Through our strong connections to a range of industries, we provide opportunities for real-world experiences to enhance our graduates' employability.

We nurture our students to ensure they have the confidence to achieve. Small class sizes offer personalised learning and our state-of-the-art facilities allow you to study with the best resources at hand. With campuses in Napier, Auckland and Gisborne, you can choose the city and lifestyle that suits you. We look forward to supporting you on your study journey and welcoming you to our beautiful part of the world.

Why study in New Zealand?

Gain work skills and qualifications in New Zealand to prepare for the future.

Vocational education in New Zealand

Learning with us will give you relevant work skills, real-world experience and globally-recognised qualifications.

Focussed on the future

Study in New Zealand and you'll gain qualifications that are recognised and respected around the world. New Zealand was ranked the top English-speaking country at preparing students for the future by The Economist Intelligence Unit in 2019.

Real-world skills

You'll increase your employability by gaining relevant skills and hands-on experience in your industry. Employers help to create our courses and programmes, so you can be confident you're getting the right skills for the right jobs.

Flexible learning

Learning in New Zealand takes place at work as well as on campus and online. Your studies may include internships, work placements and industry projects. You'll gain experience in your industry, make contacts, and be ready to work as soon as you graduate.

Welcoming and supportive

One of New Zealand's most important values is manaakitanga - a Māori word meaning hospitality and kindness. You'll be given a warm welcome and the support you need to achieve your goals.

Ready for work

Working while you study

If you have a student visa, you may be able to work for up to 20 hours a week during the term and full-time during holidays.

Working after studying

You may be able to apply for a visa to work for up to three years in New Zealand after you graduate, depending on what you study and where you study.

Jobs in high demand

Discover what work skills are in high demand in the New Zealand job market. If you gain the skills we need, you may be able to work here after graduating.

A New Zealand experience awaits you

Three locations and campuses in Napier, Auckland and Gisborne; which Kiwi lifestyle will you choose?

Napier

Cycle trails, wineries, rivers and beaches make it easy to have fun in Napier, Hastings and the Hawke's Bay region. Art Deco weekend draws visitors from around the world, as does the outdoor concert at Mission Estate Winery. Enjoy the range of bars and cafés to meet friends and other students off-campus. Find out more: www.hawkesbaynz.com

Auckland

The city centre's excellent shopping, restaurants, bars and galleries are surrounded by wine regions, stunning beaches, pristine rainforest and the magnificent Hauraki Gulf. Wherever you are in Auckland, from the Viaduct to Pokeno, from the Waitakere ranges to Mission Bay, you will find something special. Find out more: www.aucklandnz.com

Gisborne

A relaxed coastal city, Gisborne is the first place in the world to see the rising sun of a new day. The city is famous for its beaches, sunshine and surfing. If you like to listen to live music, join 30,000 other locals and visitors at the popular annual Rhythm and Vines festival. Find out more: www.tairawhitigisborne.co.nz

Kick-start your learning with us

Undergraduate study options

EIT opens up a world of learning to prepare you for a rewarding career. We have a range of programmes to suit you, including qualifications at Bachelor's Degree and Graduate Diploma level.

Our Bachelor's Degrees are designed with programme content that is up to speed and relevant to associated industries. Gain the benefit of EIT's long-established connections with industry and the support to help you develop relevant work skills along with the practical experience you need for the future.

Completing your undergraduate study at EIT will help set you up for a career in the field that you're passionate about. We offer programmes across a range of subject areas including business, computing, creative studies, hospitality, nursing and health science, and viticulture and wine science.

Supercharge your career

On-campus and online postgraduate study

For students wishing to study at an advanced professional and applied level, EIT offers a range of postgraduate programmes in the fields of viticulture and wine science, computing, business, creative practice, nursing, health science and education.

Our postgraduate programmes enable experienced individuals to build on their existing knowledge and skills to take back into the work place and advance their careers.

Many of our postgraduate programmes give you the option to study either on-campus here in New Zealand or online from wherever you are in the world. You may also choose to start your study online and pathway to on-campus study when you are able to travel to New Zealand.

Whether you choose to study on-campus or online, you can be confident in the quality of our teaching at EIT and our commitment to provide you with a rich and rewarding research-informed learning experience.

Preparing you for a world-class career

The EIT academic portfolio has been developed to meet global industry needs. Our wide range of programmes is delivered through applied learning by expert lecturers and supported by hands-on industry experience.

Industry engagement to enhance employability

Our mission at EIT is to prepare students like you for real jobs in the real world. We've designed our programmes with employability embedded directly into course content. From internships to work placements and industry-generated business projects, our students benefit from work-integrated learning that sets them up for the workplace.

The value we place on our industry partnerships is shown by the calibre of guest presenters we're able to provide for our student sessions, along with access to the latest research on trends and development through our membership of relevant industry associations.

Industry experiences are offered across all our programmes, for example:

- Business and computing students make site visits to our industry partners, attend symposia, and work alongside some of New Zealand's most exciting and fast-growing technology businesses
- Viticulture and wine science students learn in an onsite vineyard and winery, sensory room and state-of-the-art laboratories.
- Nursing students are hands-on from day one with more than 1,000 hours of practical experience alongside a diverse range of health professionals.

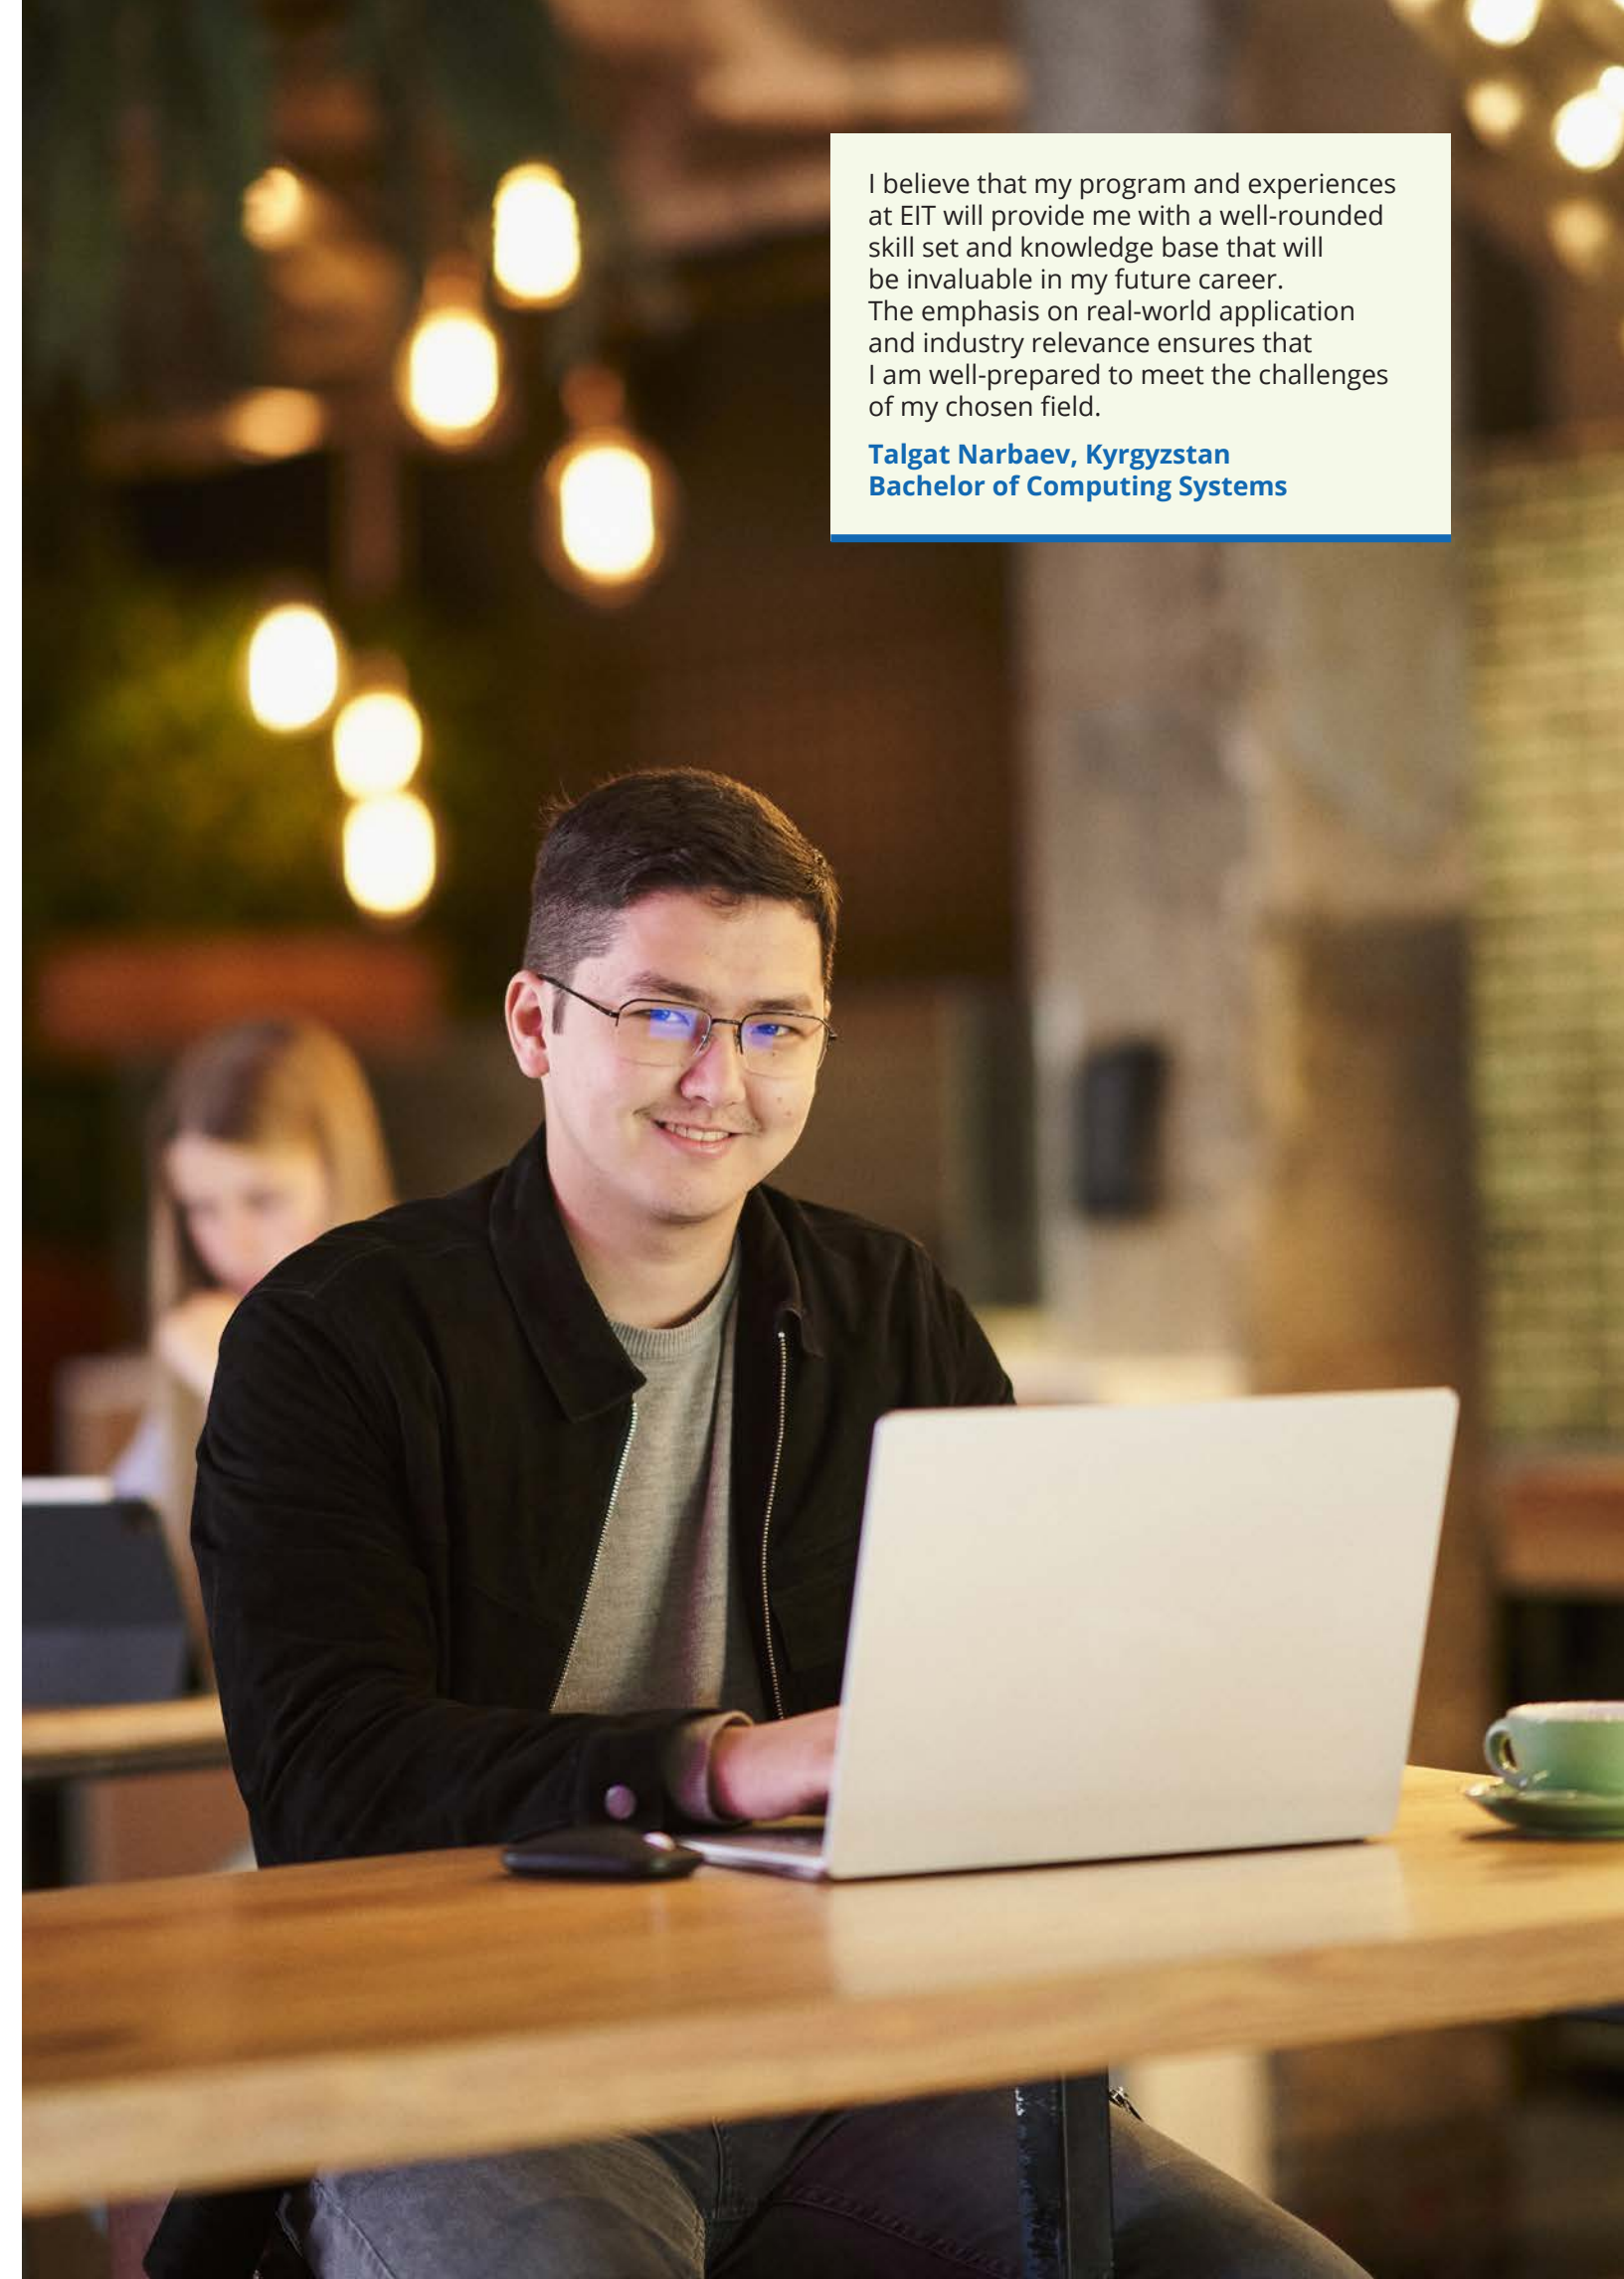

EIT supports a wide range of career options so whatever you choose to study with us, you'll benefit from our commitment to providing the skills that are in demand in New Zealand and around the world.

Strength in professional applied learning

Employers want people who have practical skills, can solve problems and develop new ideas. Our lecturers are dedicated to supporting students to gain the skills, experience and confidence to build successful world-class careers in their chosen fields.

EIT recognises the ever-changing needs of global industry and modern business. The programmes we offer have been developed by working closely with employers and industry leaders. Programmes are reviewed continuously and updated to reflect industry trends and employer requirements. This means that students like you leave EIT equipped with the qualifications and skills that are in demand throughout the world.

We support our students throughout their learning with workshops, career guidance, orientation and more. Seminars, small group tutorials and individual consultations provide a deep understanding of workplace behaviours, cultures and expectations. We're behind our students one hundred percent to ensure they leave EIT with the confidence to launch their global careers.

I believe that my program and experiences at EIT will provide me with a well-rounded skill set and knowledge base that will be invaluable in my future career. The emphasis on real-world application and industry relevance ensures that I am well-prepared to meet the challenges of my chosen field.

Talgat Narbaev, Kyrgyzstan
Bachelor of Computing Systems

Viticulture & wine science

Embark on an exciting career in winemaking that is a magical blend of art, science, nature and creativity.

Launch yourself into an industry that has roots in the ancient world but is ever-changing for our modern times. With us, you'll study grapegrowing and winemaking in New Zealand's oldest and most diverse wine region.

A career in viticulture and wine science brings you a world of creativity and problem solving while working with the wonders of Mother Nature and science. This is a dynamic and exciting industry with opportunities in New Zealand and around the world.

- Have the opportunity to gain work experience in the industry.
- Work in outstanding facilities including a purpose-built, modern teaching and research winery, a world-class sensory laboratory and a vineyard.
- Enjoy field trips and excursions while gaining knowledge and networking with specialists, winemakers and experts in the New Zealand wine industry.

Career opportunities

- Winemaker
- Research & Development Technician
- Viticulturist
- Wine Marketer
- Wine Consultant
- Vineyard Manager

Computing

Discover the exciting world of computing and the wide range of opportunities available in this industry.

Information technology is the foundation of the 21st century economy and is predicted to be the fastest-growing profession in the next 10 years.

A career in computing offers a range of exciting opportunities from website and software development to user experience design along with consulting and management for high-flying companies.

- Become sought after in a top-paying industry where there is a current skills shortage in New Zealand and across the world.
- Enjoy new discoveries daily in a fast-paced and ever-changing industry.
- Find the perfect training ground in our information technology complex with networked computer labs and purpose-built labs for software development, hardware and multimedia.

Career opportunities

- Website Developer
- Software Programmer
- Multimedia Developer
- Computer Technician
- IT Consultant / Manager
- Network Technician
- Systems Engineer
- User Experience Designer

"I love that we are able to make our own wine at the start of the programme. It's a really fun way to gain knowledge about winemaking."

Kevin Wang, China
Bachelor of Viticulture and Wine Science

"After my graduation, I want to work in a vineyard and use all my knowledge gained in practice."

Evgeniya Kochkina, Russia
Graduate Diploma in Viticulture

Find out more: Individual programmes including entry requirements can be found on the EIT international programme information sheets at eit.ac.nz/campus/international-students/international-programmes

"There is no doubt in my mind that the knowledge I gain from this Master's degree programme will assist me in moving forward in my career as a software engineer in the future. The programme will help me to use critical thinking skills to look at issues from a different perspective and provide better solutions. Further International exposure through working with international students will be an added advantage for my career."

Nadeesha Mudiyanse, Sri Lanka
Master of Information Technology

Business

Carve out that career you've dreamed of in the world of business.

Study with us and you'll gain a competitive advantage by equipping yourself with one of our comprehensive qualifications. Develop skills in communication, management, accounting and marketing, and set yourself up for an exciting future in the stimulating and varied industry of business.

With a career in business, you'll take your inquisitive mind to new heights. Enjoy constant learning, questioning and problem solving in this fast-paced and ever-changing industry.

- Benefit from our strong applied learning focus; an approach highly valued by employers.
- Enjoy practical experience with New Zealand employers through our work-based projects.
- Gain opportunities for progression to higher levels of study at EIT through our clearly defined pathways.
- Focus on success with our high staff-to-student ratio and supportive environment.

Career opportunities

- Accounting Technician
- Chartered Accountant
- Auditor
- Marketing Manager
- Sales Manager
- Business Manager
- Human Resource Manager
- Office Administrator
- Operations Manager
- Supply Chain Manager
- Entrepreneur
- Business Analyst

"The lecturers and learning advisors are very helpful and are available when we need them. The qualification and experience I gain at EIT will help me in my career and to realise my dream of becoming an entrepreneur one day."

Archana Lokuge, Sri Lanka
Postgraduate Diploma in Digital Business

Find out more: Individual programmes including entry requirements can be found on the EIT international programme information sheets at eit.ac.nz/campus/international-students/international-programmes

Creative & performing arts

- Illustrator
- Film Maker

"I like that there is creative freedom and space to experiment regarding what you want to achieve as a graphic designer."

Yee Lin Gan, Malaysia
Bachelor of Creative Practice

Nursing & health science

Make a positive difference in people's lives with a career in nursing or health.

Choosing a health profession offers you rewarding, challenging and varied job opportunities. Gain hands-on practical experience, develop your skills and discover how you can have a real impact in our communities.

Bring your compassion, good humour and kind nature to the communities around you with a career in nursing or health science.

- Enjoy our facilities, which are among the best in New Zealand.
- Have access to a range of state-of-the-art technologies including fully equipped clinical simulation laboratories and resources that provide opportunities to practice skills in a safe and supportive environment.

Career opportunities

- Registered Nurse
- Clinical Nurse Specialist
- Health Services Manager
- Healthcare Assistant
- Occupational Hygienist
- Educator / Health Promotion Advisor
- Community Health Support Worker
- Research Assistant
- Clinical Laboratory Assistant

"The lecturers are awesome and we learn something new every day. They work hard to teach us their knowledge as well as making the programme interesting. We are supported to give our very best to help others and reach our own goals."

Tino Savea, Wallis and Futuna,
South Pacific, Bachelor of Nursing

Find out more: Individual programmes including entry requirements can be found on the EIT international programme information sheets at eit.ac.nz/campus/international-students/international-programmes

Health & sport science

Let your natural skill and passion shine in this exciting and diverse industry.

Guide people to health and sporting excellence or care for people as they face wellness challenges. This industry is extremely rewarding and is built on people who care.

Use your unique skills and passion to inspire, teach and guide people towards health, sport and wellness. Excite people with your knowledge and energy and help them with your compassion.

- Utilise our cutting-edge facilities at the EIT Institute of Sport and Health where students engage in project-based sport and exercise programmes. You'll also get experience in the superb Pettigrew Green Arena in Hawke's Bay.
- Connect with the local community through community-centred research activities led by our highly qualified research-focused faculty.

Career opportunities

- Fitness Instructor
- Fitness Centre Manager
- Sports Coordinator
- Sport & Exercise Consultant
- Event Manager
- Health Promotion Advisor
- Health Services Manager
- Elder Health Specialist

Education & social work

Make a difference in the lives of others. Pursue a profession in high demand around the world.

Our programmes balance theory, research and practice. Students are given the opportunity to work alongside social workers in the community and experienced teachers in local early childhood settings and primary schools.

- Teaching can offer a great work-life balance and opportunities for personal development. It also provides a chance to develop, nurture and inspire young minds.
- As a social worker you'll work alongside individuals, families and communities to assess, advocate, recognise strengths and promote social justice.

Career opportunities

- Early Childhood Teacher
- Primary School Teacher
- Social Worker

Hospitality & tourism

Share your passion for food and travel with the world as you embark on a career in hospitality and tourism.

Whether it's cooking up a storm, sharing your love for travel or unleashing your host-with-the-most nature, these exciting programmes of study will answer your calling. Discover a world of opportunities and explore what this industry has to offer.

This is a unique industry that allows you to share your love for food, travel and tourism. Ignite your passion and hone your knowledge and skill with our comprehensive, hands-on programmes.

- Get inspired with real-world industry work experience included in all programmes.
- Enjoy our large, modern training kitchens, complemented by the fully licensed training restaurant and On The Terrace Café, where you'll practice all aspects of the trade.

Career opportunities

- | Hospitality | Tourism |
|-------------|---------------------|
| • Chef | • Flight Attendant |
| • Baker | • Travel Consultant |
| | • Tour Guide |
| | • Hotel Manager |
| | • Maitre d'Hotel |
| | • Event Manager |

"My passion has always been cooking. This programme has helped me to take that passion to the next level."

**Samidda Fernando, Sri Lanka
NZ Diploma in Cookery (Advanced)**

Find out more: Individual programmes including entry requirements can be found on the EIT international programme information sheets at eit.ac.nz/campus/international-students/international-programmes

Environmental studies

Equip yourself for a role in the exciting and ever-expanding world of environmental management.

Learn about ecosystems, conservation issues, sustainable management of land and plant life, as well as the management strategies that promote the conservation of biodiversity and address biosecurity.

As a biodiversity management student, you'll explore how ecosystems function and support biological diversity, and how managers of biodiversity are responding to increasing concern over the impact of human activities on the planet.

Career opportunities

- Park Ranger
- Environmental Consultant/ Technician
- Conservation Officer
- Environmental Researcher
- Resource Management Adviser/Consultant

English language

Gain the knowledge, confidence and practical experience you need to command the English language.

At EIT's English Language Centre, we have a proud reputation for excellence in teaching English to international students and new migrants to New Zealand. You'll be welcomed into a fully supportive environment and community and have the opportunity to flourish as your English develops.

Develop your understanding and passion for English through our programmes. We offer high quality courses and support you in your learning journey.

- Learn from highly qualified and experienced teachers.
- Gain entry to our mainstream academic programmes without sitting an IELTS test by successfully completing NZCEL.
- Enjoy our modern technology: large flat-screen TVs, video cameras, voice recorders and up-to-date computers and software.
- Choose from flexible study options.
- Experience our practical task-based learning including going out into the community.

"I have experienced huge progress in my second language which will be highly beneficial for my communication skills."

Carlos Aliaga, Chile
NZCEL

Find out more: Individual programmes including entry requirements can be found on the EIT international programme information sheets at eit.ac.nz/campus/international-students/international-programmes

Our commitment to pastoral care

The safety and wellbeing of all our learners is important to us. We have a wide range of support systems, services and resources available to ensure our international students are cared for and supported during their time with us.

We're required by law to meet New Zealand's International and Domestic Pastoral Care Code, (the Code) which applies to all registered tertiary providers across the country. This is administered and monitored by the New Zealand Qualifications Authority (NZQA).

An updated Code came into effect in January 2022 which mandates one set of clear rules and expectations for embedding safety and wellbeing into systems and day-to-day practices tailored to learners' needs.

Here's a summary of the Code as it relates to international students.

Tertiary providers should ensure international students:

- are protected and supported from when they leave their home country, to when they finish their education journey
- are aware of their rights and protections
- feel safe and happy while studying in New Zealand
- are provided correct information through agents, who act professionally
- are aware of the terms and conditions of their enrolment.

Get a copy

View and download the Code here

tertiary-and-international-learners-code](https://nzqa.govt.nz/providers-partners/tertiary-and-international-learners-code)**

Immigration and insurance

Immigration

New Zealand Immigration Service requires a student to have at least NZ\$20,000 in their bank account to cover living costs for one year of study, plus a return ticket to their home country. Full details of visa requirements, advice on employment rights in New Zealand while studying, living costs and reporting requirements are available through the New Zealand Immigration Service and can be viewed on its website at **www.immigration.govt.nz**

Medical and travel insurance

International students must have appropriate and current medical and travel insurance from the time they leave home until the expiration of their student visa. EIT can organise insurance for you with our preferred provider Studentsafe Insurance (www.insurancesafenz.com/studentsafe) brought to you by Marsh/Allianz. There is no insurance application paperwork to complete unless you have pre-existing medical conditions. Insurance fees are included in the invoice along with tuition fees.

Students should contact our Registry team as soon as possible if they decide to organise their own insurance as all insurance policies must meet a minimum standard of care and cover for Immigration New Zealand and Code of Practice requirements.

Most international students are not entitled to publicly funded health services while in New Zealand. International students may be liable to pay the full costs of medical treatment in New Zealand. Full details on entitlements to publicly funded health services are available through the Ministry of Health and can be viewed on its website at **www.moh.govt.nz** Students who do not choose EIT's insurance must show evidence of insurance prior to departure from their home country to be able to enrol.

Accident Insurance

The Accident Compensation Corporation (ACC) provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but visitors to New Zealand may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at **www.acc.co.nz**

Support services

The availability of support services and facilities below is indicated for each of the three campuses in Napier, Auckland and Gisborne.

International student support team

The International Student Support Team is the main support for all international students before they arrive and once they are on-campus and living in New Zealand.

The International Student Support Team is available for all questions, concerns or troubles, providing confidential and non-judgemental support, including a 24-7 emergency contact person.

Support is available for information on banking, driving in New Zealand, sexual health, homesickness and culture shock, travel in New Zealand and insurance – basically any question students may have about study and life in New Zealand.

The International Student Support Team also provides an accommodation placement service.

International student mentors

Academic Mentors are available to support and assist international students in their studies. At the start of the semester, students will meet an International Mentor who will support them with any academic issues throughout the year.

International student peer mentors and representatives

International students are also supported by our student Peer Mentors and Student Representatives at the Napier and Auckland campuses.

International student enrolment officers

Our Enrolment Officers provide dedicated support to EIT students through the process of student visa extensions, variation of conditions for work and study and post-study work visas. Students can contact an International Student Enrolment Officer at visas@eit.ac.nz.

Academic learning services

Academic Learning Services assist students throughout their study by providing free one-on-one support; for example, in regards to study planning, computing, academic writing, learning, exam techniques and mathematical and study skills.

Disability Support Services and a Chaplaincy Team are also available if students require further support.

Career development services

EIT provides free one-to-one counselling on employment in New Zealand.

Our specialised Careers Counsellors will help students in the following ways:

- Develop skills and knowledge to plan and manage their careers
- Provide information relating to the job market
- Provide information on job search strategies
- Assist with the preparation of job applications, including assisting with writing a CV and covering letter and completing online job applications
- Develop interview techniques

EIT also has a dedicated Industry Partnerships Manager based at our Auckland campus. The Industry Partnerships Manager works closely with students to enhance their employability through interactive workshops, specialised employment coaching, visits to workplaces and providing in-depth industry research support.

Academic inquiry course

EIT offers a free essential academic skills course to assist students transition into graduate level study. This is available at the start of your programme.

Key skills covered:

- Academic integrity
- Research skills, paraphrasing and referencing
- Critical reading, evaluation and analysis
- Team work
- Written and oral communication

The course is delivered across disciplines. It provides a great opportunity to meet students on other programmes, both domestic and international.

Evidence shows that students who have taken this course find it easier to transition to the New Zealand learning environment and achieve greater academic success. **For more information, contact international@eit.ac.nz**

EIT students association (Younited)

At the Napier campus, EIT Students Association (Younited) runs a variety of student events throughout the year to assist students to get to know each other and become part of the EIT campus community. Younited introduces students onto the campus each year during orientation (O Week) at the start of semesters one and two, which includes activities such as student games, live music, information stalls and free lunches. During the year, Younited will also offer students a range of activities both on and off campus. These include cultural celebrations, inter-school quiz events and sports days. younited.ac.nz

Experiences*

Orientation

Orientation ensures all students have the right information in order to succeed in their study and enjoy their new adventure in New Zealand.

Students participate in a fun interactive race in teams with their peers to learn about life in New Zealand and at EIT. It is a great start to joining the EIT community and learning about the New Zealand education system.

Napier

Day in the Bay

All new international students are invited to the Day in the Bay event on the second weekend of the new semester. This is an outing where students are taken all over Hawke's Bay to see the sights and enjoy lunch, ice cream on the beach and a wine tasting!

Annual international celebration

An event is held every year for all of our international students to celebrate and share their cultures.

Community connect

Community Connect runs twice a year and helps our students to network and connect to the wider Hawke's Bay community.

We invite over thirty different community groups including ethnic and cultural groups, volunteer organisations and agencies that can help and give advice to our students and their partners.

We also celebrate

- Taste of Cultures Day
- International Cultures Day
- Matariki (New Zealand Māori celebration)
- Diwali
- Chinese New Year

Gisborne

There is a full calendar of events available to both international and domestic students.

Key events include:

- Orientation Week
- Clash of the Courses (campus-wide sporting event)
- Whānau Day
- Lunches organised by Younited EIT Student Association

Auckland

Settling in month

The orientation experience at the Auckland campus is extended across five weeks to cover important topics such as social connections, academic support, wellbeing and employment.

Industry engagement evening

EIT international graduates have the opportunity to showcase their capabilities and network with employers. EIT has developed mutually beneficial relationships with local business partners, enabling the students to present their project work to the employers.

Social Events

Sports day, table tennis, Kiwi Christmas, marae visits, board games and shared lunches.

Online events

Virtual coffee and chat

These regular sessions create a space for online and on-campus students to connect with each other and EIT staff in an informal way.

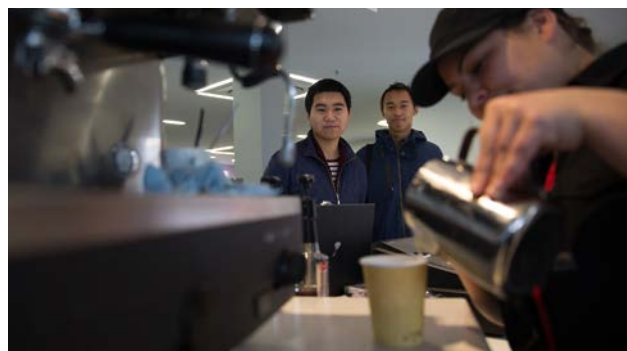

SpeechMasters

The SpeechMasters programme is designed for EIT students to develop their competence in public speaking and improve their presentation skills in a safe and friendly environment.

Workshops

Students are encouraged to attend a range of engaging and informative online events including:

- Settling In Sessions
- Employment in New Zealand
- NZ and Māori Culture
- Study Tips
- Time Management

* The events listed are subject to sufficient student numbers per campus.

Accommodation

Napier, Hawke's Bay

EIT Napier offers three accommodation options to international students – EIT Student Village, homestay and flatting. Students are also welcome to make their own accommodation arrangements.

To apply for EIT accommodation, please indicate on your application to study at EIT which accommodation you are interested in. More information is available at eit.ac.nz/accommodation

Please note: Spaces fill up very quickly. Accommodation fee payment is required to help secure a room.

Boarding Accommodation

Students are welcome to arrange their own private accommodation. Rent ranges from \$150–\$250 per week depending on the location and if utilities are included.

The Lime Tree

The Lime Tree offers a new, modern student lifestyle. It has a mix of spacious, comfortable single and twin share rooms with separate well-appointed bathrooms and open study areas. www.thelimetree.nz

Gisborne

Students can choose to stay with a homestay family or in private accommodation. Staff at EIT will help with the arrangements for your accommodation including pickup for you at Gisborne Airport free of charge. Please indicate on your application form your requirements and staff at EIT Gisborne will contact you directly to discuss the arrangements.

Please note: There is no Student Village complex on our Gisborne campus.

Auckland

There are many different types of accommodation available for international students in Auckland. EIT Auckland has identified two accommodation options that may be suitable for students: homestay with a New Zealand family or flatting at one of our partner apartment complexes.

Homestay

A homestay offers students a chance to stay in a house with a New Zealand family. Locations vary within the wider Auckland region. Bookings are arranged through a homestay company, Host Families NZ. www.hostfamilies.co.nz

Apartment Complex

A popular option for apartment-style accommodation is the Empire Student Apartment Complex. Contact EIT Auckland for bookings. www.empireapartment.co.nz

For more accommodation options please visit: www.eit.ac.nz/auckland

Our staff can help with the arrangements for your accommodation:

accommodationak@eit.ac.nz

For EIT student support in Auckland:

AKstudentsupport@eit.ac.nz

	EIT Student Village	Homestay	Flats on York	Flats on Gloucester

Academic entry criteria

The minimum academic requirements for entry into our programmes can be viewed on the Programme Information sheets available on the website at: www.eit.ac.nz/campus/international-students/international-programmes

If you have any questions about EIT's recognition of qualifications from your country, contact EIT International or your agent.

English language requirements

Below is a guide to the minimum English language requirements that qualify a student for enrolment at each programme level. Some programmes at EIT may vary from the requirements listed below. For specific details, please refer to the individual programme entry requirements or contact us. Please also note that the English language proficiency outcomes listed below must have been achieved no more than two years before the enrolment date into your programme.

Level of Study	Minimum English Language Requirements					
	IELTS	TOEFL Internet-based test (iBT)	OET	NZCEL	Pearson Test of English (Academic) - PTE	Language Cert
Certificate at Level 3	Academic score of 5 with no band score lower than 5	Score of 35 (with a writing score of 14)	Minimum of Grade C or 200 in all sub-tests	Level 3 Academic	PTE (Academic) score of 36 with no band score lower than 36	B1 Achiever International ESOL Written (LRW) PASS with no less than 25/50 in each skill and Spoken (S) PASS
Certificate at Level 4	Academic score of 5.5 with no band score lower than 5	Score of 46 (with a writing score of 14)	Minimum of Grade C or 200 in all sub-tests	Level 3 Academic	PTE (Academic) score of 42 with no band score lower than 36	B2 Communicator International ESOL Written (LRW) PASS with no less than 25/50 in each skill and Spoken (S) PASS
Diploma at Level 5	Academic score of 5.5 with no band score lower than 5	Score of 46 (with a writing score of 14)	Minimum of Grade C or 200 in all sub-tests	Level 4 Academic	PTE (Academic) score of 42 with no band score lower than 36	B2 Communicator International ESOL Written (LRW) HIGH PASS with no less than 25/50 in each skill and Spoken (S) PASS

Fees explained

Tuition fees

Our programme tuition fees are outlined with the corresponding programme information on pages 7 and 9. The tuition fees listed are for all 2024 programmes.

Please note:

- The tuition fees listed are annual fees unless otherwise stated.
- Tuition fees include Goods and Services Tax (GST).
- Some programmes may have additional course-related costs. Please check individual programme information on our website for course-related costs not included in the tuition fees.
- English Language additional costs: e.g. IELTS exam entry fees.
- International tuition fees are reviewed each year. If a student is accepted into a programme of study that is longer than one year in duration, the fees in the second and subsequent years will not be known when the student first applies and enrolls. There may be a slight increase.
- EIT reserves the right to increase tuition fees for the subsequent semester/year. We aim to inform students what the tuition fees for subsequent years are prior to enrolment for their subsequent semester/year.

Other fees

Student services levy

All students also pay a Student Services Levy. This covers student services provided to all EIT students, such as sport, recreation and cultural activities, student advocacy etc. The Student Services Levy is \$364.00 for the full academic year.

Students who are only studying for a portion of an academic year will be charged the Student Services Levy on a pro-rata basis. The Student Services Levy will be identified in your invoice.

Textbooks and stationery

Textbooks and stationery may be required for specific programmes. If required, students will receive a textbook list once they enrol in their courses and depending on the programme, textbooks can cost between \$500 and \$1,000 per semester. For programmes that do not require students to purchase any specific textbooks, New Zealand-specific content will be provided on the online study platform, EIT Online.

EIT international student refund policy

For full details on our refund policy for international students, please see our website

eit.ac.nz/internationalstudents/policies/

Living costs

The cost of living in Napier and Gisborne is generally cheaper than the larger cities in New Zealand. Students will need to budget their weekly expenses. Students may spend more or less depending on their individual circumstances, but EIT staff members are also available to assist with budgeting information. It may take some time to secure a part-time job (if students are eligible to work in New Zealand), therefore it is important for students to have enough funds to cover living expenses for several months.

Free for our international students

- Airport pickup from Napier or Gisborne (depending on campus of study). This service is for international students who move into homestay or other EIT arranged accommodation.
- Orientation programmes are run at key entry points and are mandatory for all newly enrolling international students.
- Social events are scheduled throughout the academic year.
- Employment workshops are provided by the Career Development Service to help students find work.
- Our team provides placement in EIT-managed accommodation in Napier and Tairāwhiti for those students who apply for this service. No application fee. This service is not provided for Auckland.

Disclaimer The information contained in this Prospectus is correct at the time of production, 13 December 2023. EIT reserves the right to cancel or postpone any of the programmes, and shall not be liable for any claim other than the proportion of programme fees that the cancelled portion bears. Some programmes may be dependent upon formal approval from NZQA (New Zealand Qualifications Authority), TEC (Tertiary Education Commission) funding allocation, and the number of enrolments. As part of the NZQA targeted review of all Level 1-6 New Zealand qualifications, there may still be changes to some programmes starting in 2024. Fees, programmes, entry and selection criteria, and dates, are subject to change. Please check the relevant programme pages at eit.ac.nz for up-to-date information and full entry regulations before applying to enrol. Information regarding English language requirements is available on each course page at eit.ac.nz/campus/international-students/

Ready to apply? It's easy!

Complete and sign our international student application form.

You can apply online at eit.ac.nz/apply-online-international

- Indicate which programme you intend to study.
- Attach a verified copy of your birth certificate or passport to use as identification.
- Remember to include all other supporting documents.

We will assess your application and let you know the outcome as soon as possible, usually within three to five working days.

On-campus study in New Zealand

Pay your fees

After submitting your application, you will receive an Offer of Place by email with details of your tuition and other fees payable.

Please note: If you have applied using the services of an agent, a copy of this information will also be sent to your agent.

Pay your fees and apply for your student visa. We will send you a receipt, which you will need when you apply for your student visa.

We recommend you apply at least eight weeks before your intended start date. You can apply online at www.immigration.govt.nz

If you have any questions about the process, email visas@eit.ac.nz

Prepare to come to New Zealand

Book your flights.

When your student visa is approved, book your flights and ensure you meet all government-mandated entry requirements to come to New Zealand. Check the Immigration New Zealand website for the most up-to-date information.

Organise your accommodation.

If you haven't already organised your accommodation, you should now decide which of the accommodation options is most suitable for you (see page 20 for more information).

Connect with us

Be sure to complete and submit the arrival form sent to you by the International Student Support Officer.

Your International Student Support Officer will contact you prior to the start of your programme to let you know what you need to do and keep you up to date on what to expect when you arrive.

Online Study

Enrol

After submitting your application, you will receive your acceptance into the programme by email alongside instructions on how to enrol.

Complete and sign the enrolment form provided to you by our Admissions Team and send it back to internationalapplications@eit.ac.nz

Please note: If you have applied using the services of an agent, a copy of this information will also be sent to your agent.

Choose your courses and pay your fees

Your course selection form will be sent to you by our team.

After completing your course selection form, you will be sent an invoice. You can then pay your fees by bank transfer to EIT's account. Full account details and payment information will be provided on your invoice.

Connect with us

Your International Student Support Officer will contact you after you enrol to keep you up-to-date with anything you need to know, including details about your Orientation, where you will meet your classmates studying at EIT.

Whether you join us on-campus or online, we welcome you to the EIT student community!

If you need any help you can contact our friendly staff at international@eit.ac.nz
