WELCOME

When you study at EIT you'll get experiences that will help you gain the knowledge and skills to get ahead, whether you want to break into your chosen career or change direction in life.

Become part of a vibrant learning community and be taught by experienced lecturers and tutors who have track records as respected academics, researchers and industry professionals.

Benefit from EIT's long-established connections with industry throughout New Zealand. Many of our programmes are field-based and hands-on to help you develop relevant work skills, gain practical experience and get useful industry contacts, which can set you on the path to a great job, all while you're studying.

Study at our modern well-equipped campuses, at our regional learning centres or at a pop-up location, and you'll gain invaluable experience using our facilities and state-of-the-art technology.

There are a range of full-time, part-time and online study opportunities available to you as well as scholarships and free programme options.

At EIT, you'll get the support you need to help make sure you get rewarded for your hard work. If you're serious about study and your future, EIT is right behind you.

Learn in classes that are the right size to make sure you get the involvement and support you need. EIT provides help and guidance with everything from study planning to applying for a job after you complete your studies.

Be supported by lecturers and tutors who are here for you, within a learning environment where you are treated as an individual, not a number. They'll know your name and you'll receive one-on-one attention to make sure you get the support you need to succeed.

EXPERIENCED LECTURERS

At EIT, you can be confident in the quality of our teaching and your learning experience.

EIT is highly regarded in New Zealand for research excellence due to the quality of our community centred research, our publications and our external grant income provided by funding institutions who have confidence in our research capability. This means that your lecturers use the latest knowledge and research in their field of expertise to inform their teaching, and many are at the forefront of knowledge creation within their discipline area.

We ensure that we provide our students with opportunities to generate new knowledge during their programme of study, providing meaningful and authentic learning experiences.

We are committed to providing our students with a rich, rewarding research informed education experience through developing enquiring minds, exposure to the latest knowledge and thinking and changing the nature of the dialogue between lecturer and student to become one of partnership.

Erena Koopu
Lecturer, Māori Visual Arts
Toi Houkura

CAMPUSES BUILT FOR YOUR NEEDS

EIT offers qualifications from certificate to postgraduate level at campuses in Hawke's Bay, Tairāwhiti (Gisborne) and Auckland (international students only). You can learn closer to home at one of the Regional Learning Centres in Hastings, Maraenui, Ruatoria, Waipukurau and Wairoa, plus other pop-up centres near you.

2026 is an exciting year at EIT, as our post-Cyclone-Gabriele rebuild is complete and our ground level buildings all looking refreshed. EIT's rebuild has allowed us to rethink the Taradale campus and to ensure that our spaces are better equipped to meet the requirements of today's learner. The main campus at EIT Tairāwhiti and our Rural Studies Unit are in the heart of Gisborne, near the Taruheru River, and you can't get more central than EIT Auckland's location on Queen Street.

Our Regional Learning Centres are conveniently located, easy to access, close to public transport where possible and tailored to meet the needs of students and staff.

Our campuses have top quality facilities, purpose-built for EIT programmes, including high-tech trades workshops, professional-standard training kitchens and fully-equipped wine science and viticulture laboratories.

Make use of the campus-wide free wifi and you can have your work professionally printed through our fully-equipped printing services (Reprographic) who handle everything from large format

printing to document binding, for a price that won't put a dent in your finances.

Hungry after all your study? You can enjoy bustling campus cafés and student training cafés to catch up with fellow students over a cup of coffee or lunch.

Accommodation while you study

Accommodation is available in the EIT Student Village opposite the Hawke's Bay Campus.

The Student Village is a self-catered complex of 12 villas housing six students in each. Both New Zealand and international students live together (mixed gender). Each student has their own furnished bedroom. Students share lounge, kitchen, dining, laundry and bathroom facilities in each villa.

Rooms fill fast so enquire today.

STUDENT SUPPORT

Studying takes determination, commitment and self-discipline. As a student at EIT, you can get support to help you focus on what really matters – your studies and your future.

When you become a student at EIT, it may be your first time away from home, or the first time you've studied at this level. It may all be very new to you.

Your studies will take up a lot of your time, so you may need a hand with other parts of life.

To help you get the most out of your time here, EIT offers you support in all sorts of ways. Whether you're after help to choose the right subjects or you need some guidance to show you the best way to get into your chosen career, there's someone available to help.

Te Pae Hono is the student support hub based in the centre of campus. This is a place to find all the support you need, book a study room or just come to chill out and have a cuppa if needed. Here you will meet our disability, cultural support staff, MPTT training scheme, Youth Guarantee and StudyLink services.

Get personal one-on-one help from friendly experts at EIT who have plenty of experience assisting students like you. They're on campus to offer advice, information and guidance.

We want your time at EIT to be exciting, productive and successful, so make sure you take advantage of all the support we offer.

Academic Learning Services

You can get help and advice on all aspects of study, including study skills, writing assignments, computing, maths, academic writing and planning study time.

Child Care

Ōtātara Children's Centre at EIT Hawke's Bay and Manaaki Tamariki Childcare Centre at EIT Tairāwhiti are available, giving you peace of mind that your children are in safe hands while you study. Bookings are essential.

Disability Support

Support is available for students with physical, sensory, intellectual, and learning disabilities (including dyslexia, dyspraxia and other neurodiversities) and mental health conditions. Support is designed to provide equitable opportunities and is available to all students with permanent or temporary disabilities or health conditions, including when recovering from injury or surgery. Services are available depending upon your needs and range from information and advice to technology solutions and alternative arrangements for tests and exams.

Our disability peer support group Te Rōpu Āwhina meets regularly on the Hawke's Bay Campus to share kai, connection and wellbeing.

Hawke's Bay Campus on (06) 974 8000
Tairāwhiti Campus on (06) 869 0810

EIT Students' Association

YOUnted is here to represent you. From looking after your interests to organising social events and activities. Plus YOUnted arranges discounts and exclusive deals for EIT students.

Financial Support

EIT has a number of ways to help financially support your study. This could be through one of the many free programmes we offer or the range of scholarships we have available.

Scholarships make life easier by helping to cover your fees and living expenses while you complete your qualification. You don't always need to be an academic high-flyer to qualify.

We offer scholarships to eligible Māori and Pasifika students, scholarships for postgraduate students, and some scholarships that are generously offered by our industry partners.

EIT is also delighted to be one of the New Zealand tertiary institutions to offer a fees free year of tuition for eligible first-time tertiary students through the Government Fees Free initiative.

There are many other scholarships that are specific to the programme that you decide to study, be it nursing, horticulture, business or trades.

So make sure you find out what's available at eit.ac.nz/students/scholarships or for general scholarship information please contact scholarships@eit.ac.nz.

Free* Programmes

EIT offers a range of programmes that are currently Free*. Check out free.eit.ac.nz for a full list of programmes and more information.

Youth Guarantee (YG)

If you are 16 to 24 years of age and are wanting to study a level 2 or 3 programme, and haven't studied at a tertiary institute before, you could be eligible for this fees free opportunity.

Māori and Pasifika Trade Training (MPTT)

MPTT is a fees-free pre-trades training opportunity for Māori and Pasifika learners aged 16 to 40 years of age to develop skills for relevant trades or trades-related jobs.

Library

The EIT libraries at both the Hawke's Bay and Tairāwhiti Campuses provide a range of facilities for student use. These include individual and quiet study areas, and group and social spaces in a relaxed and friendly environment. Our librarians are available to assist students with an extensive range of print and online resources. A wide range of electronic resources and online study and computer guides can be accessed both on and off campus via the student portal: myeit.eit.ac.nz.

Tautua-Pasifika Support Services

Our Pasifika student support team aims to create a trusting and culturally inviting space for students to feel supported and thrive in their education journey. Our team is passionate and dedicated to removing barriers to learning by working with students and their aiga and staff in ensuring diversity and equity is met. We support students with studylink, tutor support, wraparound support and mentoring, cultural competency and much more.

Pouwhirinaki - Māori Student Support

You can get advice, mentoring and support for cultural needs and values, te reo Māori, waiata and tikanga, scholarships, iwi and hapū registrations and grants.

StudyLink Support

We have staff available on campus every day for StudyLink support. This team can help you with your *RealMe* account, StudyLink application processes and assisting with providing the necessary documents.

Trades Academy

The Trades Academy is a partnership with your school. If you're at secondary school you can get practical, hands-on training in trades and other programmes, one or two days a week. You can earn credits towards your NCEA levels 2 or 3. The Trades Academy is a great way to discover your vocational pathway and prepare you for higher level study.

Wellbeing Support

Wellbeing support is available to all students. We can help you to identify your goals, support your needs, and connect you with appropriate support on and off campus. We use Te Whare Tapa Whā as our guiding model for holistic support and connectedness.

We have a Rainbow Diversity peer support group Te Roopu Āniwaniwa on the Hawke's Bay Campus, as well as wellbeing drop-ins and workshops to support you to maintain and improve your wellbeing.

NEED HELP DECIDING WHAT TO STUDY?

Deciding what to study can be a bit overwhelming and we understand that choosing the right programme isn't always easy. Choosing between a certificate, diploma, degree or even postgraduate study - the decision can be a little daunting.

We are here to help though, our Engagement Team are available to talk to you, to provide guidance on entry requirements and support when working through the application process.

You may have already seen us out and about as our Engagement Team connects with schools, community organisations and other social agencies to showcase EIT and the many programmes we have available.

We can:

- Arrange a campus tour for you
- Connect you with the right person for programme specific queries
- Introduce you to the Student Support Team
- Refer you to potential scholarship opportunities

If you would like more information or help please scan the QR code or email engagement@eit.ac.nz.

YEAR 13 SCHOLARSHIP

Through the Year 13 Scholarship, EIT has helped hundreds of students realise their dreams of achieving a degree, staying local and graduating with a manageable student loan.

Our Year 13 Scholarship supports school leavers across the Hawke's Bay and Tairāwhiti regions to study any one of our degrees or selected level 5 certificate and diploma programmes that lead into a degree by providing 1 year Free* study.

The Year 13 Scholarship covers one year of tuition fees including any course related costs which have been approved to be included as part of the scholarship. When combined with the Government Fees Free initiative, some Year 13 Scholarship recipients are studying fees free for two years of their degree.

UNDERSTANDING QUALIFICATIONS

Programmes and Courses

A programme results in a qualification and consists of a number of courses. Some programmes consist of compulsory courses while others have a selection of elective courses or a combination of both compulsory and elective courses.

Credits

Courses consist of credits, and when a course is successfully completed, the credits will be counted towards the qualification. One credit usually equals 10-12 hours of learning.

Levels

Levels indicate the depth of knowledge and complexity of skills required. The higher the level, the more complex the concepts and skill-sets. In New Zealand, the levels progress from Level 1 to Level 10.

Entry Criteria

See below for general entry criteria, however most programmes have further entry requirements. Please check the specific entry criteria in the relevant programme information at eit.ac.nz.

Short Courses

Do not generally result in formal qualifications.

| Credentials | Level | Credits | Duration* | Entry Criteria |
|--|-------------------|---------|------------------|--------------------------------------|
| Certificate: Provides an introduction to a subject and may be a pathway to higher level study. | 1-4 | 60-120 | 6 months-1 year | Most are open entry |
| Diploma | 4-6 | 120-240 | 1-2 years | NCEA Level 2 or Level 3 |
| Bachelor Degree | 7 | 360 | 3-4 years | University Entrance |
| Graduate Certificate, Graduate Diploma: This allows a degree graduate to study further courses at the same level as their degree but in a different or additional specialisation. | 7 | 60 | 6 months-2 years | Bachelor's Degree |
| | | 120 | | |
| Honours | 8 | 480 | 4 years | University Entrance |
| Postgraduate Certificate, Postgraduate Diploma: Postgraduate study extends knowledge and skills after completing a Bachelor's Degree, and prepares students for independent research. | 8 | 60 | 6 months-1 year | Bachelor's Degree in a related field |
| | | 120 | | |
| Master Degree: A Master's Degree qualifies individuals who apply an advanced body of knowledge in a range of contexts for research, a pathway for further learning and professional practice. | Level 9 and above | 180-240 | 1.5-2 years | |

*Based on full-time study.

HOW TO ENROL

There is an easy 3-step process to follow when enrolling at EIT

01

Find Your Programme

Go online to eit.ac.nz to see the programmes available for you to study at EIT. Once you find a programme you are interested in, you can download course information to find out more.

02

Apply Online

Applying online at eit.ac.nz is the quickest way to apply to study at EIT. Once you have submitted your application we will let you know if we need a copy of your primary ID or any further documentation from you.

Apply Using RealMe

You can use your *RealMe* verified identity to apply for study at EIT. If you use your *RealMe* verified identity you won't need to provide us a copy of your primary ID (unless you are on a visa from Immigration NZ to be in New Zealand).

Applying by post

You can also apply using a paper enrolment form. Please email us at info@eit.ac.nz and we will send one out to you.

Applying in person

You can return your enrolment form with any additional documentation and your identification to any of EIT's Regional Learning Centres, or at the Hawke's Bay or Tairāwhiti Campus.

Next Steps

Once your application has been processed, you will be contacted by your programme's administrative team.

They will provide you with programme information including the start date of your study and any special information regarding your programme. You may also be sent course selection forms which you need to complete and return to us. Depending on your chosen programme of study, you may be invited to attend an interview before you are fully enrolled.

03

Arrange Payment

Full payment of enrolment fees must be arranged before the start of your programme. You will receive an invoice with payment details.

Scholarships

There is information about a range of scholarships on our website eit.ac.nz/students/scholarships.

Final-Year Fees Free

You may be able to get Fees Free for the final year of study in your first qualification. You need to pay for your study up front and confirm your entitlement to fees free through your myIR.

EIT cannot tell you if you are entitled to fees free for your final year.

For more information visit ird.govt.nz/fees-free.

Student Loans and Allowances

If you need to pay for your own study you can choose to apply for a Student Loan and/or Student Allowance with StudyLink. StudyLink is a service of the Ministry of Social Development.

Apply well before your programme begins (even if you haven't been accepted yet) so you will be ready to get your payments when you need them most. Check out what you qualify for at studylink.govt.nz.

Student Services Levy

The Student Services Levy is a compulsory, non-tuition fee that is charged to students enrolled at EIT. The levy is to contribute to the provision of quality student services that support learning.

The funds received by EIT from the levy are ring-fenced, meaning they can only be spent on student services.

BEAUTY

Whakarākei – Te Kura Hauora me te Hākinakina

In today's busy, stressful world, beauty therapists have people's happiness and wellbeing in their hands. Our programmes will give you all the skills you need for a rewarding career in the beauty industry.

You'll get hands-on experience looking after real clients using the latest equipment in our beauty therapy clinic 'Refresh', which is strategically located in Napier's CBD to ensure a flow of customers and clients from the public, and realistic work place experience.

We have qualifications at all levels, to suit all students.

Programmes cover varied beauty therapy treatments, including eyelash tinting, spray tanning, nail treatments and facials.

Advance to the diploma and gain skills in advanced treatments – skincare, spa treatments and electrolysis.

Offered in Hawke's Bay only.

Tatham Lamont and Georgia Philps
New Zealand Certificate in Beauty Therapy Graduates

YOUR CAREER OPPORTUNITIES

There are many job opportunities in the beauty therapy and retail industries, ranging from cosmetic counters through to beauty therapy clinics and day spas.

2026 Qualifications*

To find out more check out beauty.eit.ac.nz

Vanessa Hopping
New Zealand Certificate in Hairdressing Graduate

YOUR CAREER OPPORTUNITIES

Hairdressing: Get practical skills backed up by theoretical knowledge using project-based learning. From simple blow waves to fashion-focused colouring techniques, you can get creative! Your career opportunities could include you working in hair artistry, working as a stylist, or becoming a superstar in hair salons or retail sales.

Barbering: The New Zealand Certificate in Commercial Barbering is intended as a stand-alone qualification in Barbering. Upon graduating the world will be your oyster, and career opportunities include: Barbershop support and Barbershop reception, at home or around the world.

BUSINESS

Te Kura Kaipākihi

**Accounting | Sales and Marketing | Digital Business |
Operational Management | Logistics and
Supply Chain Management | Human Resources |
Business Analytics | Entrepreneurship**

Join the School of Business for a qualification that can lead to employment locally, nationally or internationally.

At EIT you'll receive a strong foundation in all aspects of business with theory and practical experience.

Your study will also focus on an internship where you can put theory into action to impress a prospective employer.

You'll be taught by expert lecturers in classes which are exactly the right size to give you personal attention and involvement.

Our programmes are closely connected to the business and wider community so they are relevant and will help you build your networks for the future.

You may even find that you have knowledge, skills or previous achievements that can count towards your qualification.

YOUR CAREER OPPORTUNITIES

In this highly competitive world, businesses and organisations need people with skills and knowledge that can give them an edge. Opportunities for qualified business people include starting your own business, or working in private companies, government and non-profit sectors.

2026 Qualifications*

| Credentials | Programme | Level | Duration | Start |

COMPUTING

Te Kura Pūkenga Rorohiko

Software | Infrastructure | Analytics and Information | Machine Learning and Automation

At EIT you can gain a practical hands-on qualification that is designed to help you gain employment in the IT industry.

All courses include real-world examples and case studies.

The Bachelor of Computing Systems includes an internship or project, which ensures that all graduates are work-ready for demanding technology positions.

Part-time study options are available to provide you with the flexibility for upskilling or to cater for those wanting to gain a qualification whilst working.

Many Bachelor of Computing Systems students have managed to secure their first professional graduate IT role during their compulsory internship, through the relationships they built by studying locally, and engaging with industry.

As an in-demand IT graduate you can take your skills anywhere in the world, be well paid and work in a fast-paced and constantly evolving industry.

There's a huge variety of jobs, so take your pick.

To find out more check out computing.eit.ac.nz

Terrence Masiwa Charamba
Bachelor of Computing Systems Student

YOUR CAREER OPPORTUNITIES

There is a huge variety of jobs depending on your specialisation and passion, including business/systems analyst, data and business intelligence analyst, programmer/developer, database specialist, helpdesk and IT support, systems and network administrator, Internet of Things and automation support.

HEALTH AND SPORT SCIENCE

Te Kura Hauora me te Hākinakina

Health and Wellbeing | Mental Health | Health Science |
Relaxation and Remedial Massage | Sport, Recreation and Exercise Science

Qualified health and sport professionals make a positive difference in New Zealand.

You can study general health, disability and aged support, work and life skills (supported learning), mental health and addiction support.

The health and wellbeing programmes at EIT mix study, practical experience and theory. You'll study on campus, and also get experience through work placement or work experience in a wide range of community organisations.

You may want to prepare for a career in the sport, exercise and recreation industries. Sport and exercise programmes at EIT are designed for people aiming to become highly qualified professionals in sport and exercise science, sport coaching, sport and recreation management, and leaders in the health and wellness industry. Alternatively, an outdoor adventure programme might set you on the path to a career in the adventure tourism industry.

Get first-hand experience with relaxation and remedial massage programmes. You can enter the Wellness and Relaxation Massage programme to learn the foundation skills of massage therapy.

You can then progress into the New Zealand Diploma in Remedial Massage and learn specialist techniques including neuromuscular therapy, trigger point massage, identifying dysfunction in clients and more.

The EIT Institute of Sport and Health provides staff and students with access to cutting-edge facilities. It also provides an educational experience within an enthusiastic and supportive environment.

You'll also get experience in the superb Pettigrew Green Arena in Hawke's Bay and in YMCA facilities in Tairāwhiti. The Pettigrew Green Arena has a modern exercise science laboratory, lecture theatre, stadium, gym and massage clinic.

YOUR CAREER OPPORTUNITIES

Across the health and sport science landscape, you can explore a variety of career options. From a career in the sport, exercise and recreation industry, explore the health and wellbeing space or make your move into relaxation and remedial massage. The choice is yours.

Matiu Spring
New Zealand Diploma of Sport and Exercise Science (Multi-sector) Graduate

ENGLISH LANGUAGE

Te Puna Reo Ingarihi

Learning English can open doors to work, study and friendship. At EIT you'll be able to improve your English in well-equipped classrooms, where the focus is on interaction and conversation. You'll learn to 'live the language' as you develop your skills, taught by highly qualified and experienced teachers.

You can also make full use of specific English Language software to extend your learning. EIT is a PELT (Pre-purchased English Language Tuition) approved provider. *Offered in Hawke's Bay only.*

**YOUR CAREER OPPORTUNITIES**

Reading, writing, listening to and speaking English effectively and confidently benefits you, no matter what your job or career.

Being proficient in English helps create opportunities. In any workplace it's important to communicate, and having a good command of the English language will help you, now and in the future.

MĀORI STUDIES

Te Ūranga Waka (Hawke's Bay) • Te Whatukura (Te Tairāwhiti)

"Piki ake, kake ake i te toi huarewa, te ara o Tāwhaki, i piki ai ki runga." *The need to learn and speak the Māori language is greater than ever before.*

Māori language is vital to New Zealand, and our identity. As Māori language becomes more widely used through Kōhanga reo, primary schools and Kura Kaupapa Māori, a new generation

is embracing te reo Māori and ensuring that this special taonga is shared and treasured.

At Te Ūranga Waka in Hawke's Bay and Te Whatukura in Te Tairāwhiti, our te reo studies offer qualifications from basic introductory level learning through to a specialised masters programme, and gives you the opportunity to become proficient in Māori customs, culture and research.

YOUR CAREER OPPORTUNITIES

You can work in government departments, hospital boards, teaching (kōhanga, primary, secondary and tertiary), or work with local iwi as a liaison or policy advisor.

You could work in television and radio as a reporter, scriptwriter, announcer or bilingual researcher. You can also take on key roles at your own marae and within your whānau, hapū and iwi.

Many employers now prefer bilingual and bicultural employees, especially as te reo Māori is an official language of New Zealand.

PRIMARY INDUSTRIES

Te Kura Ahumahi Matua

Agriculture | Horticulture | Environment

The Primary Industries sector is one of New Zealand's largest economic drivers and provides employment to over 350,000 people. EIT offers programmes to meet the industry demand and make you highly sought after in the industry.

EIT delivers a range of qualifications targeted at the Food and Fibre Sector. In our agriculture programmes you will gain hands-on skills in stock handling, farm operations, vehicles and machinery, fencing, soils and pastures.

Demand for roles in the environmental management sector are growing as people's awareness of environmental challenges and sustainability increases. Our environmental management programmes allow you to progress to degree level.

In our horticulture programmes you can choose from a wide range of qualifications. Learn all about soil types, plant science, propagation, pest and disease management, irrigation and harvesting. Gain an understanding of horticultural technology and management.

You'll have access to horticulture laboratories, greenhouses, propagation facilities and garden plots.

EIT has a managed apprenticeship programme for those employed in the fruit industry. The apprentices work in Tairāwhiti and Hawke's Bay's biggest industry and gain qualifications and experience at the same time.

There are also diploma level horticulture programmes in fruit production and post-harvest. These are designed for those working in industry who want to further their knowledge and careers.

YOUR CAREER OPPORTUNITIES

Agriculture: Working outdoors is not for everyone, but if you like the sun on your back, working with sheep and cattle and like the idea of having a working dog by your side then this might be the career for you. As a qualified graduate you will be recognised as a skilled individual who has industry relevant skills. Our qualifications are designed to provide pathways irrespective of your initial skill level or knowledge. This could be as a farm assistant or contractor, through to a management or supervisory role across a variety of agricultural careers.

Horticulture: The horticulture industry continues to expand and a wide range of careers are available for qualified employees. The industry is using more and more technology and expensive equipment, and highly skilled employees are needed to manage and run them. Careers can range from on-orchard managers and technical staff to those in the post-harvest industry who are essential for maintaining the quality of our local and export produce.

Environmental Studies: Increase your knowledge and understanding of the ever-expanding world of environmental management and sustainability. There are a range of careers in the environmental space including Park Ranger, Environmental Consultant/Technician, Conservation Officer, Environmental Researcher and Resource Management Adviser/Consultant just to name a few.

TEACHING

Te Kura Mātauranga

Learn to become a great teacher. EIT teacher education perfectly balances theory, research and practice.

As you study, you'll work alongside experienced teachers in local early childhood settings or primary schools as part of the programme.

Teaching is a rewarding career, and our quality education programmes will help you develop your knowledge and skills for teaching.

Bachelor of Teaching (Primary)

Become a primary teacher and help New Zealand children get off to a great start in life. This degree works in close partnership with primary schools to give you a balance of theory, self-directed learning and practical experience.

As a candidate teacher, you'll experience two days a week in a school. On-campus, for two days a week you'll learn the theory and current practice underpinning teaching subjects, such as learning languages and literacy, mathematics, science, social studies, art, technology, health and physical education.

Bachelor of Teaching (Early Childhood Education)

A passionate, skilled and qualified early childhood teacher has an important role in the learning and development of infants, toddlers and young children. The early years of a young child's life lay the foundation for life-long learning.

This programme enables you to undertake study two days a week on-campus to attain a teaching qualification while being employed or working voluntarily two days a week in an early childhood setting.

On completion of the Bachelor of Teaching (Early Childhood Education) you will be ready to apply for registration as a provisionally certificated ECE teacher with the Teaching Council of Aotearoa New Zealand.

YOUR CAREER OPPORTUNITIES

When you complete your primary teaching degree or early childhood education at EIT you can apply for registration with the Teaching Council of Aotearoa New Zealand as a provisionally certified teacher.

SOCIAL WORK

Te Kura Pāpori

Social workers are an integral part of today's society and you could find yourself assisting in a range of areas from supporting individuals and communities, promoting social change and wellbeing, to working with government agencies at a policy level.

Our social work degrees will provide you with the knowledge, skills and attributes required for social work practice in a variety of settings such as schools, hospitals, community groups or government agencies.

YOUR CAREER OPPORTUNITIES

Social work is challenging and offers plenty of variety, and as a qualified social worker you'll be taking on a career that is rewarding and fulfilling.

IDEAschool

CREATIVE PRACTICE

Te Kura Ahu Taonga

IDEAschool educates imaginations. We embrace creativity in all its forms and teach qualifications across a range of creative disciplines including visual art, design, music, fashion and screen production.

Our programmes offer you a unique environment that brings together studio-based practical learning with critical thinking and professional skills.

At IDEAschool, you become part of a creative community that nurtures you to become the artist, the designer, the musician, the filmmaker or the fashion extraordinaire that you were meant to be.

YOUR CAREER OPPORTUNITIES

The creative industries are the fastest growing economic sector world-wide.

You could work as a graphic designer, art director, musician, artist, photographer, filmmaker, fashion designer, or use your transferable critical and creative thinking skills to pursue any career of your choice.

Our project-based programmes prepare you for real-world careers.

TOIHOUKURA

Toihouora! Toihoutangata! Toihoukura!
Toihoukura–Enriching Lives!

School of Māori Visual Arts

Contemporary Māori visual arts looks to the past to shape the future of Toi Māori across Aotearoa and other First Nations.

You will be encouraged to be an independent artist, guided by your own environmental context and your own creative insights.

All students will work in individual and collaborative art projects. Wānanga based learning is unique to Toihoukura. Students will be able to curate exhibitions on a regular basis.

Studying at Toihoukura is a holistic experience in learning to create art that finds its origins in Te Ao Māori through mātauranga and contemporary art techniques that will contribute to shaping the future of Toi Māori.

Toihoukura runs its unique, world-class programmes primarily from our Tairāwhiti Campus.

YOUR CAREER OPPORTUNITIES

Since Toihoukura was established over 20 years ago, graduates have progressed into careers as art teachers, successful self-employed practicing artists, cultural advisors, gallery curators and more.

³This qualification's official name is the New Zealand Certificate in Horticulture Production (Winegrowing strand)

YOUR CAREER OPPORTUNITIES

We pride ourselves on our strong connections with the local wine industry, which means you'll be in a superb position to find employment once you graduate.

Our programmes have an excellent global reputation, providing further opportunities to work in some of the world's great wine regions.

Alena Kamper
Bachelor of Viticulture and Wine Science Graduate

POSTGRADUATE STUDY

Further your study with our postgraduate options

EIT's commitment to education doesn't end at graduation.
