

2024

A new version of this programme is coming soon

This programme is currently being unified with others across Te Pūkenga to provide one programme that is portable, consistent, and more closely aligned with the needs of industry. This is a good thing but does mean that there will be some changes to the information below. Enquire at eit.ac.nz to receive the latest updates on the new programme.

Bachelor of Nursing

This degree will enable you to enter practice as a registered nurse with a sound knowledge base of nursing theory, social and biological sciences, research and professional practice skills.

The programme provides a balance of theoretical studies and nursing practice experiences which occur in a wide range of community and acute care settings. You will develop the understanding and skills needed to provide professional nursing care, promote health and develop as a nurse leader.

Location	Hawke's Bay and Tairāwhiti
Start	February and July*
Length	Three years full-time**

Rewarding study for a rewarding career

The Bachelor of Nursing (BN) is a full-time, three-year programme (or five years equivalent part-time) that offers you a stimulating undergraduate degree level of studies and provides a pathway to your professional qualification as a New Zealand registered nurse.

The BN programme enables you to apply for registration as a registered nurse with a sound knowledge base of nursing theory, social sciences, biological sciences, research and professional nursing practice skills.

Work-integrated learning experiences occur in a wide range of community and acute health care settings and comprise approximately fifty percent of the programme. Theoretical and nursing practice experiences are balanced throughout the programme.

The BN programme is delivered in a blended mode. This means there will be face-to-face and online teaching and learning, workshops and work-integrated learning opportunities. You will need access to a computer with broadband facilities.

You are welcome to make an appointment to discuss your study options with our staff and to view our facilities.

Work-integrated learning

In order for you to complete the BN programme, New Zealand Nursing Council requires you to have undertaken a minimum of 1,100 hours practicum experience. To meet this requirement over the course of the programme you will be required to:

- Undertake rotating and rostered shifts (i.e. shifts which may fall any time between Monday - Sunday), travel to various health care agency and community venues, which include Napier, Hastings, Waipukurau, Takapau, Wairoa and Gisborne areas including Te Puia Springs.

Please Note: Any travel or accommodation expenses that are incurred will be your responsibility.

As part of the requirements of your acceptance into the BN programme at EIT | Te Pūkenga, you need to provide the following:

- Evidence of your COVID-19 vaccination. It is not compulsory to have a COVID-19 vaccination but please be aware that learners who are not fully vaccinated (2 doses plus booster plus 2 weeks) for COVID-19 will not have access to Te Whatu Ora Health New Zealand Te Matau a Māui Hawke's Bay clinical placements/settings. This means that if you choose not to be vaccinated, this may impact your ability to successfully complete your Nursing Degree. Accordingly, all applicants applying to enrol on the Bachelor of Nursing are strongly recommended to be fully vaccinated against COVID-19.
- Evidence of pertussis immunisation in the last five to ten years.
- Evidence of two measles (both rubella and morbilli) and mumps (MMR) immunisations.
- Evidence of a vaccination to varicella (chicken pox) or proof of having had varicella in the past.
- Evidence of your Hepatitis B antigen and antibody status (a blood test).

Please Note: All medical costs or expenses in providing proof of immunisation are your responsibility.

Once you commence in the BN, requirements for serology testing and immunisation will be collated by the School. If you require additional immunisations/vaccinations you will have to meet the costs of these.

Please remember that YOU are responsible for providing all vaccination evidence and information.

Timetable

Your study time will be made up of contact time (class times, workshops, tutorials, work-integrated learning) and non-contact time (your own individual study time, online learning).

Contact time

You will spend about half your time studying either in the classroom or online, and the other half in work-integrated learning experiences in hospitals, community health agencies and other health related venues. Typically, learners spend 22 hours per week in the classroom, lab or Clinical Arts and Technology (CAT) Centre or online. Alternatively learners will spend 32-40 hours per week in work-integrated learning experience.

On-campus classes are usually scheduled between 0800-1700 hours, Monday to Friday.

Non-contact time

You should plan to spend two hours each day on individual study.

Additional costs

- \$2,400 approximately for textbooks in total over the three years of the programme (approximately \$900 in Year one).
- \$200 approximately for cost of uniforms. This includes a top, pants and a pair of shoes which you source. Name badge included.
- You may be required to attend nursing practice venues outside your area, e.g. Wairoa, Waipukurau, Takapau, Te Puia Springs, or other areas, as part of the programme. You will need to meet the cost of your own travel and accommodation.
- Additional medical and first aid costs (these may vary).
- In the third year of the programme a Registration Fee to sit the Nursing Council of New Zealand State Final Examination is required. The cost for this is currently \$240. There is also an additional cost for your Registered Nurse badge once you have successfully completed the State Final Examination.

Entry requirements

The BN is a clinically focused academic programme that provides preparation to apply for entry to the Register of Nurses in New Zealand.

To be a registered nurse, you must have integrity, empathy, a spirit of inquiry and a commitment to lifelong learning. You must have a mature outlook, a sense of responsibility and a genuine desire to care for people. You need to be able to work independently and as part of a team.

A face-to-face interview may be part of the application process.

The following regulations apply to the BN degree at EIT | Te Pūkenga.

Academic entry requirements

The academic entry requirements for the BN are:

- University Entrance as defined by the NZQA; or
- One of the following discretionary entry criteria, although the achievement of any of these will not automatically secure entry:
 - at least 75 Level 2 NCEA credits in a maximum of four subjects in one year;
 - satisfactory completion of a Level 4 Bridging/Foundation programme (e.g. NZ2860 New Zealand Certificate in Study and Career Preparation, preferably with Hauora courses);
 - evidence of the ability to succeed in the programme, as determined by the BN Admissions Committee.

General entry requirements

All applicants are required to:

- Provide two confidential references from people who are able to affirm that the applicant is of good character and reputation.
- Provide evidence of a current Comprehensive First Aid Certificate, or evidence of enrolment/intention to complete.

- Provide a Ministry of Justice Criminal Convictions record. (Note: A prior conviction may not necessarily exclude an applicant from admission. In the case of a prior conviction, EIT | Te Pūkenga will discuss with the applicant the Nursing Council of New Zealand (NCNZ) requirements for application to gain NCNZ registration as a nurse.)
- Complete a health declaration that they possess a level of health and abilities commensurate with achieving nursing practice competencies in the programme. (Note: Further health-related reports may be requested with the consent of the applicant.)

Applicants are required to complete the above-mentioned health and Ministry of Justice Criminal Conviction checks at the beginning of Year one and Year three. A Ministry of Justice Criminal Conviction check is also required to be completed prior to sitting the NCNZ State Final Examination.

Preference criteria

Preference will be given to applicants who have achieved:

- 14 credits or more at NCEA Level 3 in Science-rich subjects (such as Biology, Physical Education, Health, Physics and Chemistry); or
- 14 credits or more in English-rich subjects (such as English, History, Art History, Classics, Geography and Economics); or
- Graduates of the Level 4 NZ Certificate in Study and Career Preparation (Hauora Pathway) will need to have achieved 65% or higher in the TWO elective courses for Hauora.

Selection process

Applications that meet both entry and preference criteria will be accepted pending available places on a 'first come, first served' basis. Applications that do not meet one or more of the criteria will be reviewed by the BN Admissions Committee for the allocation of remaining available places. As part of the selection process, an applicant may be required to attend an interview.

English language entry requirements

Applicants from countries in which English is not the primary spoken language must demonstrate an acceptable level of English language fluency prior to acceptance in the programme. Ways in which English language fluency may be demonstrated include:

- Completion of a programme of study in which English was the language of instruction (conditions apply*); or
- Approved scores on IELTS tests, namely an Academic score of 6.5 with no band lower than 6.5 achieved in a single test within the preceding year (or accepted international equivalents).

*See NZQA English language entry requirements for international students at <https://www.nzqa.govt.nz/providers-partners/qa-system-for-teos/english-international-students/>

Entry with credit

You may already have some knowledge or skills that can be recognised as part of your intended study. This may take a number of different forms including study at other tertiary institutes. If you think you may qualify, you may want to apply for Cross Credit (CC) or Recognition of Prior Learning (RPL).

CC/RPL is based on the equivalency of courses or qualifications. You would apply for CC/RPL if you have passed a very similar course at the same level.

You will be asked to provide details of anything that you would like considered as credit toward your intended programme of study, as part of your application.

You must indicate your intention to apply for CC/RPL at the time of your application. However, the CC/RPL application will not be processed until you have been accepted into the BN. There is a charge for this application.

CC and RPL cannot be awarded for a course if you are already enrolled in that course. An original transcript or notice of results from the institute at which you previously studied (or verified copies) will be required for all applications.

For further information and enquiries about CC and RPL please contact Irina Konig, Programme Administrator, on 06 830 1121.

Transfers/cross credits

This qualification has been approved by the New Zealand Qualifications Authority.

This programme leads to the award of a nationally approved qualification. Similar qualifications are delivered at a number of other tertiary institutes around New Zealand. If you were to transfer to one of those other institutes you may be granted academic credit for some of the courses completed successfully while studying at EIT | Te Pūkenga, but this is at the discretion of the other institute.

Please note: Fees are not transferable between institutes.

Blended learning

The BN programme is taught using a blended learning mode. Blended learning is a combination of classroom and online delivery using EIT | Te Pūkenga online and/or other web tools. It uses a range of online assessment and communication tools, online activities, knowledge sharing and collaborative work to keep learners connected and learning.

Technology support

Blended delivery takes advantage of all available resources, techniques and technologies. You will be supported to learn the use of these. If you know how to send an email, use social media and access sites on the internet, you will have the basic skills needed to participate in blended delivery.

For those who have not yet learned these skills, introductory tuition can be arranged with the Learning Support Service located in the library.

The School of Nursing | Te Kura Kaupapa Tapuhi has arranged orientation during the first week, where staff will support you to enrol online, enter your courses, and make your first introductory post online.

Ongoing technology support is available from the Learning Support Service in the library.

Prior to enrolment, we strongly recommend that you have access to:

- A computer with broadband internet access (dial-up access is not recommended)
- An operating system (preferably less than five years old and with sound)
- Software – Microsoft Office or similar, Adobe Acrobat Reader, contemporary internet browser such as Firefox or Chrome

If you are unable to have access to the equipment described above, the EIT | Te Pūkenga Libraries on the Hawke's Bay and Tairāwhiti campuses have a full complement of computer suites that learners can use.

Facilities

The Clinical Arts and Technology (CAT) Centre is an interactive learning environment designed to facilitate, support and provide opportunities for learners to develop, practice and refine their cognitive, technical, and practicum skills. The Centre is designed to act as a conduit to bridge the gap between theory and practice. Learner skill development is facilitated with an emphasis on hands-on practice.

There are three fully equipped simulated, hospital oriented patient environments on our Hawke's Bay campus and two on our Tairāwhiti campus.

Assessments

Assessments include essays, case studies, presentations, reflective practice, evidence portfolios, exams and practical demonstration of skills and critical thinking.

Year 13 scholarship

EIT | Te Pūkenga offers a limited number of Year 13 Scholarships to eligible Taupō, Hawke's Bay and Tairāwhiti (Gisborne) learners who are beginning an undergraduate degree in 2024. You can study any one of our 13 degrees or selected level 5 certificate and diploma programmes that pathway into a degree.

If you live outside the Taupō, Hawke's Bay or Tairāwhiti regions there are scholarships available nationwide for a selected few programmes. Go to scholarships.eit.ac.nz to find out which programmes you can apply for.

For full information about the Year 13 Scholarship check out scholarships.eit.ac.nz, email scholarships@eit.ac.nz or text your name, address and the word YR13 to 4631 and we will send you a Year 13 Scholarship pack.

EIT is now part of Te Pūkenga

Te Pūkenga brings together New Zealand's Institutes of Technology, Polytechnics, and Industry Training Organisations to build a network of on job, on-campus and online learning. The services we offer not only remain, they are strengthened by being part of the extensive Te Pūkenga network around the country. Your enrolment for study in 2024 will see you enrolling with Te Pūkenga and becoming part of the extensive Te Pūkenga network around the country.

The experience you need & the support to succeed

When you study at EIT | Te Pūkenga you'll get the kind of experiences that will help you gain the knowledge and skills to get ahead.

You'll also be supported by lecturers and tutors who are here for you, within a learning environment where you are treated as an individual, not just a number.

They'll know your name and you'll receive one-on-one attention to make sure you get the support to succeed.

Experienced educators

At EIT | Te Pūkenga, you can be confident in the quality of our teaching and your learning experience.

EIT | Te Pūkenga is highly regarded in New Zealand for research excellence due to the quality of our community-centred research, associated publications and level of government and external grant income. This means that your lecturers use the latest knowledge and research in their field of expertise to inform their teaching and nursing practice. Many are at the forefront of knowledge creation within their discipline area. We ensure that we provide our learners with opportunities to generate knowledge during their programme of study, providing meaningful, authentic learning experiences. We are committed to providing our learners with a rich and rewarding research-informed education experience through developing enquiring minds, exposure to the latest knowledge and thinking, and changing the nature of the dialogue between lecturer and learner to become one of partnership.

Our Nurse Educators are registered nurses with advanced academic and practice qualifications, including areas of particular expertise such as mental health, child and adolescent health, community health, acute care, people with long-term conditions and care of older adults. We value our partnership with learners and aim to provide high-quality education in a supportive environment, encouraging personal growth and professional development.

How to enrol

There is an easy 3-step process to follow when enrolling at EIT | Te Pūkenga.

Step 1

Check out the programmes online at eit.ac.nz to see the programmes available for you to study. A copy of the course information for each programme is available online.

Step 2

You can now use your RealMe verified identity to apply for study at EIT | Te Pūkenga. If you use your RealMe verified identity you will no longer be sent a copy of your application form to sign. You also will not need to provide us with a copy of your primary ID.

If you apply online without using RealMe then you will be sent a summary of your enrolment to check and sign. It will also include course selection forms which you need to complete and return. Your enrolment cannot progress until you have sent the summary and forms back to us.

You can also apply using a paper enrolment form. Please call us on 0800 22 55 348 and we will send you one out.

You will receive an acceptance letter from your Faculty with programme information. This will include the start date of your study and any special information regarding your programme. Depending on your chosen programme of study, you may be invited to attend an interview before you are accepted.

Step 3

Arrangement for full payment of enrolment fees must be made before the start of your programme. You will receive an invoice with payment details.

Fees-free government scheme: Tertiary education is fees-free for eligible domestic tertiary students. To check if you are eligible, go to [FeesFree.govt.nz](https://feesfree.govt.nz) and enter your National Student Number (NSN). If you are not eligible you will be responsible for paying your fees.

Scholarships and grants: Scholarships and grants make life easier by helping to cover your fees, other costs and living expenses while you study. You don't always need to be an academic high-flyer to qualify. You can find out more about scholarships and other options for paying your fees at eit.ac.nz.

StudyLink: If you need to pay for your own study you can choose to apply for your Student Loan and Student Allowance with StudyLink. You should do this early, even if you haven't yet been accepted on your programme. You can change your details later if anything changes. Visit studylink.govt.nz to find out more about StudyLink.

Student services levy

The student services levy is a compulsory non-tuition fee that is charged to students enrolled at EIT | Te Pūkenga. The levy is to contribute to the provision of quality student services that support learning. The funds received by EIT | Te Pūkenga from the levy are ring-fenced, meaning they can only be spent on student services.

Student loans and allowances

StudyLink is a service of the Ministry of Social Development. Apply well before your programme begins (even if you haven't been accepted yet) so you'll be ready to get your payments when you need them most.

Check out what you qualify for at studylink.govt.nz.

Ministry of Justice Criminal Convictions Record

The EIT | Te Pūkenga School of Nursing | Te Kura Kaupapa Tapuhi requires you to provide a copy of your Ministry of Justice Criminal Convictions record. Therefore, you will need to obtain your own Ministry of Justice Criminal record from <https://www.justice.govt.nz/criminal-records/get-your-own/>

You will need to fill in the '**Request your own criminal conviction history form**'. You must include a clear photocopy of one of the following:

- NZ Driver's licence - can be current or expired within the last 2 years, but cannot be cancelled, defaced or a temporary licence.
- NZ Passport - can be current or expired within the last 2 years, but cannot be cancelled or defaced. Must show your signature.
- Overseas Passport - must be current and cannot be expired, cancelled or defaced. Must show your signature.
- NZ Firearms licence - must be current and cannot be expired or defaced.
- If you do not have any of these forms of identification you will need to follow the instructions in Step 5 of the form.

On the form under Step 4 you are asked to select how you want the report returned to you. You must select 'by email'. When you receive the result you must forward this to Irina Konig, BN Programme Administrator, by email to ikonig@eit.ac.nz.

You can post OR scan and email the request form to the criminal records unit at the Ministry of Justice (postal and email address details are on the form).

Any applicant who has a conviction will need to go through the EIT | Te Pūkenga and Nursing Council conviction review processes.

Your enrolment/re-enrolment is not considered to be completed until the result of this record has been received by Irina Konig, BN Programme Administrator.

Bachelor of Nursing Referee Statement
