

2025

Bachelor of Veterinary Nursing

Become an essential part of a veterinary team in a clinic or hospital and provide surgical and medical veterinary nursing, manage services and perform diagnostic sampling and medical imaging.

The Bachelor of Veterinary Nursing programme will produce degree-level veterinary nurses capable of applying advanced subject-specific knowledge and skills, critical thinking, problem-solving and reflection, who place animal welfare at the forefront of their evidence-based practice.

Graduates will have the knowledge and skills to make well-informed choices of a career or academic path and the language, literacy and numeracy skills required for study.

Applicants with a NZ Diploma in Veterinary Nursing may enter the degree in the third year of study.

Location	Hawke's Bay*
Start	February
Length	Three years full-time**
Contact	Te Rina Paranihi Phone: 06 830 1610 Email: tparanihi@eit.ac.nz

* Blended delivery - on campus classes, online learning and clinic work placements.

** Part-time study available.

For NZ Citizens and Permanent Residents

TE AHO A MĀUI

Make your passion for animals your career

The Bachelor of Veterinary Nursing (BVN) programme is designed for individuals wanting to become highly regarded industry professionals within the veterinary nursing sector.

As a graduate of the BVN you will:

- Place animal welfare at the forefront of every veterinary nursing task and procedure performed while also considering human and environmental factors.
- Integrate extensive knowledge and understanding of the professional, cultural, ethical and moral responsibilities of a veterinary nurse.
- Confidently apply advanced theoretical knowledge and skills in veterinary medical nursing, anaesthesia and surgical assistance in practice.
- Think and reflect critically to continuously improve animal well-being, your own practice and the industry as a whole.
- Pro-actively engage in continuous learning and undertake research to support evidence-based practice, solving complex problems in relation to patient care and health.
- Advise clients on the management of individual animal care based on contemporary evidence.
- Recognise the need for and lead the development of strategies to deal with emotionally and otherwise stressful situations.

Year One

During your first year you will learn about the fundamentals of veterinary nursing practice, ethics and legislation, anatomy and physiology, animal husbandry, handling and behaviour, surgical and diagnostic services, anaesthetic and analgesia monitoring, and medical nursing.

Year Two

During your second year you will build on your foundation with a more in-depth focus on anaesthetic management, medical nursing, diagnostic techniques and surgical nursing. You'll also learn about triage and emergency care, pharmacology, dentistry, diagnostic imaging and veterinary nursing services.

Year Three

During your third year you will learn: integrated medical nursing; anaesthesia and surgery; applied animal welfare, wildlife, conservation, emergency care; reflective and inquiry based practice.

You are welcome to make an appointment to discuss your study options with our staff either in person or by phone and also to visit at any time to view our facilities.

If you have any questions please feel free to contact us.

Career Opportunities

Possible jobs and career opportunities can include:

- Veterinary nursing
- Veterinary nurse educator
- Animal care educator
- DOC/MPI roles
- Humane Society roles
- Commercial/medical/veterinary sales representative
- Specialist clinic roles
- Animal care researcher

Bachelor of Veterinary Nursing

Level 7, 360 credits

Hawke's Bay

Blended delivery - on campus classes, online learning and practicum.

Full-time: 3 years

Part-time: equivalent

Fee: Visit fees.eit.ac.nz to see the fees for this programme

Practicum

During the BVN you must complete practicum as set by the Programme Coordinator and Workplace Coordinator. You will be required to complete 250 hours in Year One, 500 hours in Year Two and 160 hours in Year Three with the acceptance of non-clinical related hours. In addition to this, Year One students must complete hours in the EIT animal facility as rostered on by the Animal Room Technician.

In order to provide you with different perspectives on veterinary nursing, you will complete your practicum in at least two different veterinary practices, unless currently employed at a veterinary clinic.

You will be required to find your own practicum placements with assistance from programme staff where needed. It is recommended practicum will be done in blocks.

While on practicum, you must maintain a portfolio with evidence of completion of practical assessments and clinical skills. You will be in contact with the Workplace Coordinator on a regular basis to discuss progress on the practicum requirements.

A memorandum of agreement will be drawn up between the practicum provider, yourself and EIT, to define rights and responsibilities of each party involved in the placements.

Timetable

Your study time will be made up of contact time (face-to-face classes, online learning directed by tutors, block courses, tutorials and industry-based learning) and non-contact time (individual study time and self-directed online learning).

Contact Time

Year One

Classes are timetabled between 8.00am-5.00pm, Monday to Friday.

- 380 hours of teaching
- 58 hours of practicum
- 570 hours of individual study

Year Two and Three

Most of your learning in the second and third year is online.

Tutorials and block courses are timetabled between 8.00am-5.00pm, Monday to Friday.

- 556 hours of teaching
- 580 hours of practicum
- 1264 hours of individual study

For a current timetable, please refer to eit.ac.nz/students/timetable.

2025 Key Dates

Orientation

Year One only

Thursday, 13 and Friday, 14 February

Programme Starts

Monday, 17 February

Year One Ends

Friday, 28 November

Semester Breaks

14 - 25 April

30 June - 18 July

22 September - 3 October

Non-contact Time

You should plan to spend 10 hours of individual study per course per week which includes scheduled classroom time.

Additional Costs

- Transport and accommodation for clinic work placement where required
- You will be need to purchase the required uniforms
- Black dress pants for clinic work placements
- Travel and accommodation to attend block course and exams
- \$700 approximately for required textbooks
- \$30 approximately for scientific calculator

Entry Requirements

Academic Requirements

The academic entry requirement for the BVN is either:

- University Entrance, as defined by the NZQA; or
- Evidence regarded as sufficient by EIT of the capability to undertake and complete the programme of study; or
- At the discretion of EIT, where the applicant is over 20 years of age and demonstrates the capability to undertake and complete the programme of study.

Preference will be given to applicants who have achieved either:

- 12 credits or more at NCEA Level 3 in Science-rich subjects (such as Biology, Physical Education, Health, Physics and Chemistry); or
- 12 credits or more in English-rich subjects (such as English, History, Art History, Classics, Geography and Economics).

Other Requirements

ALL applicants are required to provide:

- **Curriculum Vitae (CV)**
- **Good Character Requirement**
A completed Ministry of Justice Criminal Convictions Record (copy of form is attached). EIT reserves the right to decline entry to the programme should an applicant's police record be such that they would be considered unsuitable for veterinary nursing work. Applicants with convictions for dishonesty or drug offences will likely be considered unsuitable. A criminal declaration will be required every year of enrolment in the programme.
- **Health Declaration**
All applicants must complete a health and privacy declaration to ensure fitness to practice prior to acceptance into the programme.

Please Note: Convictions of any offence and/or declaration of health conditions will not necessarily exclude applicants from enrolment. Any decision is made on a case-by-case basis at the discretion of the delegated authority.

Practical Requirements

- Applicants must be able to carry out physical activities within the EIT Animal Facility (Year One) and while on practicum, including external animal facilities and veterinary clinics to fulfil the requirements of the programme.
- Applicants must also have no objection to working with live animals, dissection of animal body parts, body fluids and cadavers. EIT reserves the right to decline entry to the programme should an applicant's physical ability or inability to work in this environment prevent them carrying out practical activities required to fulfil the requirements of the programme. These practical requirements will be discussed and confirmed during the information sharing session.

Information Sharing Session

Applicants who meet entry requirements may be required to attend an information sharing session to discuss information about the programme and communicate expectations regarding the programme.

Applicants who meet all entry requirements will be selected in order of application.

English Language Entry Requirements

All applicants must demonstrate an acceptable level of English language fluency prior to acceptance in the programme. For international students, ways in which English language fluency may be demonstrated include the following:

- Successful study of a programme in which English was the language of instruction (subject to the conditions in the EIT Database for English Language Proficiency (DELP))
- Completion of a New Zealand Certificate in English Language (Level 4 with any endorsement)
- IELTS Academic score of 6, with no band score lower than 5.5, achieved in a single test within the two years preceding enrolment
- Accepted international equivalents to the above IELTS scores, achieved in a single test within the two years preceding enrolment (see equivalency tables in the DELP)

Entry with Credit

You may already have some knowledge or skills that can be recognised as part of your intended study. This may take a number of different forms including study at a private training establishment, workplace training, other tertiary study, life experiences or voluntary work. If you think you may qualify, you may want to apply for Cross Credit (CC) or Recognition of Prior Learning (RPL).

- CC is based on the equivalency of courses or qualifications. You would apply for CC if you have passed a very similar course at the same level.
- RPL is based on the assessment of your current knowledge and skills. You would apply for RPL if you had gained the relevant knowledge and skills through life experiences and informal learning situations.

You will be asked to provide details of anything that you would like considered as credit toward your intended programme of study, as part of your application.

You must apply prior to enrolment. CC and RPL cannot be awarded for a course if you are enrolled in that course.

Overall RPL Credit Limit 50%. The programmes maintain the ability to partially credit courses where evidence of current competence is presented.

For further information and enquiries about CC and RPL please contact, Emma Martin, Programme Coordinator, on 06 830 1373.

Facilities

- Specialised animal practical facilities with simulated surgery facilities, live-animal housing, isolation unit, simulated clinic reception and diagnostic preparation room.
- Laboratory facilities.
- Library and computer facilities.

Assessments

Assessments consist of practical workbook completion for on campus practicals, completion of clinic work placement portfolio, assignments, tests, exams and observations, depending on the nature of the course.

Scholarships

Scholarships are a way to help financially support your study. They can make life easier by helping to cover your fees and living expenses while you complete your qualification. You don't always need to be an academic high-flyer to qualify.

Find out what's available at scholarships.eit.ac.nz or for general scholarship information please contact scholarships@eit.ac.nz.

Year 13 Scholarship

Our Year 13 Scholarship supports school leavers across the Hawke's Bay region to study any one of our degrees or selected diploma programmes that lead into a degree by providing one year FREE* study.

Live outside these regions? No problem, there are some programmes that are available for applications from Year 13 students nationwide, so if you are Year 13 and want to study one of these, you can apply for this scholarship too.

The Year 13 Scholarship covers one year of tuition fees including any course related costs which have been approved to be included as part of the scholarship. When combined with the Government Fees Free initiative, some Year 13 Scholarship recipients are studying fees free for two years of their degree.

For full information about the Year 13 Scholarship check out year13.eit.ac.nz or email yr13@eit.ac.nz.

* Conditions apply.

The experience you need & the support to succeed

When you study at EIT you'll get the kind of experiences that will help you gain the knowledge and skills to get ahead.

You'll also be supported by lecturers and tutors who are here for you, within a learning environment where you are treated as an individual, not just a number.

They'll know your name and you'll receive one-on-one attention to make sure you get the support to succeed.

Experienced Lecturers

At EIT, you can be confident in the quality of our teaching and your learning experience.

EIT is highly regarded in New Zealand for research excellence due to the quality of our community centred research, our publications and our external grant income provided by funding institutions who have confidence in our research capability. You can be confident your lecturers use the latest knowledge and research in their field of expertise to inform their teaching, and many are at the forefront of knowledge creation within their discipline area.

Name	Qualification
Emma Martin <i>Programme Coordinator</i>	BVTech
Ariana Schinkel <i>EIT Lecturer</i>	DipVNursing
Erika Smith <i>EIT Lecturer</i>	BSc, BVN
Megan Young <i>EIT Lecturer</i>	DipVNursing
Sarah Massingham <i>EIT Lecturer</i>	MSc (Vet Physio), MSc (Manip Physio), BSc (Physio) (Hons)

Clare Morton <i>Otago Lecturer</i>	RVN (NZ), GDTE, MProfPrac
Jennifer Evans <i>Otago Lecturer</i>	BVSc, GradDipTEd, PGCertEd, Cert Mata a Ao Māori
Jennifer Hamlin <i>Otago Lecturer</i>	ASc (Hons), RVT, RVN, GradCertTLT, Cert Mata a Ao Māori

Programme Information

The BVN programme is designed for individuals wishing to become highly regarded industry professionals within the veterinary nursing sector. It is anticipated that the programme will appeal to students both locally and in other areas of New Zealand, as well as to international students, as the graduate profile was developed to align with the skills and knowledge required of veterinary nurses internationally. The blended delivery, including both face-to-face and online components, allows for both full-time and part-time study. The programme will cater to school leavers, mature students and those currently working in the industry who wish to further their qualifications while in their existing employment.

The structure of the programme is as follows. To be awarded the HB4063 Bachelor of Veterinary Nursing the student must have completed every course in the programme - as identified in the Course Descriptions below. Total credits required for completion of the HB4063 Bachelor of Veterinary Nursing qualification is 360.

Course Descriptions

Please note: All courses within the Bachelor of Vet Nursing are currently under review and therefore are subject to change.

Year One - Level 5

Course No.	Brief Description	NZQA Level	No. of Credits	Semester Offered
ANML5001	Veterinary Nursing Practice This course will develop students' knowledge, skills, and competencies to work in a professional safe, and effective manner in an animal healthcare environment.	5	15	1
ANML5002	Anatomy and Physiology This course will develop students' knowledge, skills, and competencies relevant to basic anatomy and physiology to support animal health and welfare.	5	15	1
ANML5103	Animal Husbandry and Behaviour This course will develop students' knowledge, skills, and competencies to provide safe and appropriate husbandry and handling to support companion animal health and welfare.	5	15	1
ANML5104	Companion Animal Practicum I This course will develop students' knowledge, skills, and competencies to manage the husbandry, hygiene and handling of animals as part of a multidisciplinary team.	5	15	1
ANML5105	Introduction to Anaesthesia and Analgesia This course will develop students' knowledge, skills, and competencies to assist with anaesthesia and analgesia.	5	15	2
ANML5106	Introduction to Medical Nursing This course will develop students' knowledge, skills, and competencies to care for companion animals in a veterinary clinic.	5	15	2
ANML5107	Introduction to Surgery and Diagnostics This course will develop students' knowledge, skills, and competencies to understand diagnostic procedures and assist with the nursing of routine surgical patients.	5	15	2
ANML5108	Companion Animal Practicum II This course will develop students' knowledge, skills, and competencies to provide nursing care for surgical and hospitalised patients as part of a multidisciplinary team.	5	15	2

Year Two - Level 6

Course No.	Brief Description	NZQA Level	No. of Credits	Semester Offered
ANML6101	Anaesthesia Management and Emergencies This course will develop students' knowledge, skills, and competencies to manage the nursing of animal patients undergoing anaesthesia and to respond during animal emergencies.	6	15	1
ANML6102	Medical Nursing and Diagnostics This course will develop students' knowledge, skills, and competencies relevant to pathophysiology, pharmacology, and diagnostic procedures to provide effective medical nursing care.	6	15	1
ANML6103	Companion Animal Practicum III This course will develop students' knowledge, skills, and competencies to manage the nursing care of surgical and hospitalised animal patients as part of a multidisciplinary team in a veterinary clinic.	6	30	1
ANML6104	Surgical Nursing and Dentistry This course will develop students' knowledge, skills, and competencies to manage the nursing of animal patients undergoing surgery and dentistry.	6	15	2

Course No.	Brief Description	NZQA Level	No. of Credits	Semester Offered
ANML6105	Imaging and Veterinary Nursing Services This course will develop students' knowledge, skills, and competencies relevant to performing diagnostic imaging and providing veterinary nursing services within a multidisciplinary team.	6	15	2
ANML6106	Companion Animal Practicum IV This course will develop students' knowledge, skills, and competencies to manage the nursing care of surgical and hospitalised animal patients as part of a multidisciplinary team.	6	30	2

Year Three - Level 7

Course No.	Brief Description	NZQA Level	No. of Credits	Semester Offered
BVN7.04	Reflective Practice and Inquiry for Veterinary Nursing A This course will allow students to develop the knowledge and skills required of reflective practitioners within a multidisciplinary team and to analyse and apply research in veterinary nursing practice.	7	15	1
BVN7.05	Wildlife and Conservation This course will allow students to develop knowledge and skills related to wildlife care, management and conservation in Aotearoa New Zealand.	7	15	1
BVN7.09	Integrated Medical Nursing The aim of this course is to deepen understanding of how professional identity, personal nursing philosophies, and clinical reasoning inform the nursing process and empower individuals to effectively apply these principles when planning integrated care in companion animal medical cases.	7	15	1
BVN7.11	Applied Contemporary Animal Welfare This course will enable students to develop the knowledge and skills required for critical evaluation of animal welfare in Aotearoa/New Zealand.	7	15	1
BVN7.06	Emergency Care and Response This course will allow students to develop the knowledge and skills required to manage patients and aspects of a team response during clinical emergencies within the veterinary clinic and the community.	7	15	2
BVN7.08	Reflective Practice and Inquiry for Veterinary Nursing B This course will allow students to develop the knowledge and skills required to apply reflective and evidence-based practice in veterinary nursing.	7	15	2
BVN7.10	Integrated Surgical Nursing The aim of this course is to deepen understanding of surgical principles and interventions to plan integrated veterinary nursing care in complex companion animal surgical cases.	7	15	2

Elective of 15 credits at Level 5-7. The elective must be broadly relevant to the BVN graduate profile and is subject to Programme Coordinator approval.

How to Enrol

There is an easy 3-step process to follow when enrolling at EIT.

Step 1

Check out eit.ac.nz to see the programmes available for you to study. A copy of the course information for each programme is available on our website.

Step 2

You can now use your RealMe verified identity to apply for study at EIT. If you use your RealMe verified identity you will no longer be sent a copy of your application form to sign. You also will not need to provide us with a copy of your primary ID.

If you apply online without using RealMe then you will be sent a summary of your enrolment to check and sign. It will also include course selection forms which you need to complete and return. Your enrolment cannot progress until you have sent the summary and forms back to us.

You can also apply using a paper enrolment form. Please call us on 0800 22 55 348 and we will send you one.

You will receive an acceptance letter from your Faculty with programme information. This will include the start date of your study and any special information regarding your programme. Depending on your chosen programme of study, you may be invited to attend an interview before you are accepted.

Step 3

Arrangement for full payment of enrolment fees must be made before the start of your programme. You will receive an invoice with payment details.

Fees Free Government Scheme: Tertiary education is fees-free for eligible domestic tertiary students. To check if you are eligible, go to FeesFree.govt.nz and enter your National Student Number (NSN). If you are not eligible you will be responsible for paying your fees.

Scholarships and Grants: Scholarships and grants make life easier by helping to cover your fees, other costs and living expenses while you study. You don't always need to be an academic high-flyer to qualify. You can find out more about scholarships and other options for paying your fees at eit.ac.nz.

StudyLink: If you need to pay for your own study you can choose to apply for your Student Loan and Student Allowance with StudyLink. You should do this early, even if you haven't yet been accepted on your programme. You can change your details later if anything changes. Visit studylink.govt.nz to find out more about StudyLink.

Student Services Levy

The student services levy is a compulsory non-tuition fee that is charged to students enrolled at EIT. The levy is to contribute to the provision of quality student services that support learning. The funds received by EIT from the levy are ring-fenced, meaning they can only be spent on student services.

Student Loans and Allowances

StudyLink is a service of the Ministry of Social Development. Apply well before your programme begins (even if you haven't been accepted yet) so you'll be ready to get your payments when you need them most.

Check out what you qualify for at studylink.govt.nz.

DISCLAIMER:

All information in this publication pertains to New Zealand Citizens or Permanent Residents, and is correct at the time of printing but is subject to change. EIT is a Business Division of Te Pūkenga – New Zealand Institute of Skills and Technology. EIT reserves the right to amend/withdraw programmes or courses. Fees for 2025 will be set by November 2024 and are subject to change.

For the latest information, or for full programme entry requirements visit eit.ac.nz or phone 0800 22 55 348.

Bachelor of Veterinary Nursing

Enrolment Checklist

Please Note

The following documents need to be completed and returned with your enrolment form.

Without these documents we are unable to proceed with your application.

Please complete and return the following:

ALL applicants

- Enrolment Form
- You must provide a brief Curriculum Vitae with your application
- Ministry of Justice Criminal Convictions Record
- Criminal Declaration
- Health and Privacy Declaration
- Course Selection Form
- Verified copies of your New Zealand full birth certificate carrying a unique identification number or Passport* **and**
- Another form of verified ID** (e.g. driver licence, firearms licence, 18+ card, Community Services Card, School ID etc.)

One of the above forms of identification must be photographic.

*Verification of your Birth Certificate or Passport and other form of ID must be completed by a JP, EIT Programme Administrator or Registry staff member.

** If using RealMe for ID please also provide a second form of ID.

Bachelor of Veterinary Nursing

Ministry of Justice Criminal Convictions Record

As part of your application EIT requires you to obtain your own Ministry of Justice criminal record check.

You can do this online by going to: <https://www.justice.govt.nz/criminal-records/get-your-own/>

Please fill in the **"Requesting your own criminal record - Individual Request"**.

Before you begin you will need to have the following documents ready:

1. Proof of identification
 - a. NZ Drivers Licence - can be current or expired within the last 2 years, but cannot be cancelled, defaced or a temporary licence.
 - b. NZ Passport - can be current or expired within the last 2 years but cannot be cancelled or defaced. Must show your signature.
 - c. Overseas Passport - must be current and cannot be expired, cancelled or defaced. Must show your signature.
 - d. NZ Firearms Licence - must be current and cannot be expired or defaced.
 - e. If you do not have any of these forms of identification you will need to ask someone to confirm your identity or you will need to complete a statutory declaration.
2. A signed, dated Authority to Release Information Form

You must provide your **email address** to receive your report. When you receive the report, you must forward it to the Centre for Veterinary Nursing Programme Administrator Te Rina Paranihi, at tparanihi@eit.ac.nz.

Your enrolment is not considered to be completed until this record has been received by the Programme Administrator.

As well as completing online, you can print out and post the request form and accompanying proof of identification to the Criminal Records Unit at the Ministry of Justice (postal and email address details are on the form).

If you do have a conviction, this will not automatically exclude you from enrolling. However, if you do have a conviction you will still go through the EIT conviction review process.

Bachelor of Veterinary Nursing

Criminal Declaration Form

Applicant Full Name: _____

Please print full name clearly

Please be aware that having criminal convictions, especially for offences involving drugs or dishonesty, may affect your ability to gain employment or attend work placements in an animal facility. If your conviction history is such that it may affect your employment or work placement prospects, you may be denied entry into this programme.

Do you have any criminal convictions or pending criminal charges? Yes No

If you answered yes to the above question, please give details below:

Please read the following statement carefully before signing.

I declare that I have no undisclosed criminal convictions or pending criminal charges and am aware that failure to disclose such information could mean expulsion from the programme.

I give EIT my full consent to obtain a police clearance check, if required, from my home country or any country that I have lived or worked in for more than 12 months.

Applicant Signature

Applicant Full Name

Witnessed by (Signature)

Witness' printed name and position or relationship to Applicant

Date

Bachelor of Veterinary Nursing

Health and Privacy Declaration

Required for all of the animal healthcare and veterinary nursing programmes.

It is essential to declare honestly on this form. A declaration of a medical condition does not mean that you will be excluded from your preferred programme of study. It provides an opportunity for us to discuss with you an appropriate plan for your situation.

Please read carefully and tick or highlight the appropriate box(es).

Applicant Full Name: _____ Student ID: _____
Please print full name clearly If known

Health Declaration

I have listed below any medical condition(s) (mental or physical) that may impact on my ability to work safely in the animal care/ healthcare context. If none, please write N/A.

Other Information

Please let us know of any other information that will help us provide you with the best support to enable you to succeed (for example: learning difficulties, other special needs).

Privacy Declaration

Please tick Yes or No for each of the below:

1. Pursuant to Principle 11.1(a) of the Privacy Act 2020, I agree to the disclosure and use of the information on this form (and supporting information) by EIT to work placements where I may be completing practical experience.

Yes No

2. I understand that I have the right to access and correct any of my personal information held by EIT, and am required to update the information held about me should this change at any time I am studying with EIT.

Yes No

Overall Declaration

Please tick Yes or No for each of the below:

1. I understand that if any false or deliberately misleading information is given, or any material fact suppressed, my enrolment may be terminated.

Yes No

2. I understand that EIT requires this information to ensure the safety of animals, public and staff in animal facilities and veterinary clinics where I may be completing practical experience.

Yes No

3. I understand that if anything changes in relation to this declaration after the date I have signed it, while I am an applicant or enrolled in an animal healthcare and veterinary nursing programme, I must notify EIT immediately.

Yes No

Applicant Full Name (printed)

Applicant Signature

Date

If you have any questions regarding this declaration, please contact Emma Martin, Programme Coordinator, on 06 830 1373 or email emartin@eit.ac.nz.
