# OUR COMMITMENT TO PASTORAL CARE

The safety and wellbeing of all our students is important to us. We have a wide range of support systems, services and resources available to ensure our international students are cared for and supported during their time with us.

EIT is a signatory to The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021, (the Code). The Code is administered and monitored by the New Zealand Qualifications Authority (NZQA).

## HERE'S A SUMMARY OF THE CODE AS IT RELATES TO INTERNATIONAL STUDENTS.

Tertiary providers should ensure international students:

- are protected and supported from when they leave their home country, to when they finish their education journey
- are aware of their rights and protections
- feel safe and happy while studying in New Zealand
- are provided correct information through agents, who act professionally
- are aware of the terms and conditions of their enrolment.

# IMMIGRATION AND INSURANCE

## IMMIGRATION

New Zealand Immigration Service requires a student to have at least NZ\$20,000 in their bank account to cover living costs for one year of study, plus a return ticket to their home country or enough money to buy one. Full details of visa requirements, advice on employment rights in New Zealand while studying, living costs and reporting requirements are available through the New Zealand Immigration Service and can be viewed on its website at **[www.immigration.govt.nz](http://www.immigration.govt.nz)**

## MEDICAL AND TRAVEL INSURANCE

International students must have appropriate and current medical and travel insurance from the time they leave home until the expiration of their student visa. EIT can organise insurance for you with our preferred provider Studentsafe Insurance ([www.insurancesafenz.com/studentsafe](http://www.insurancesafenz.com/studentsafe)) brought to you by Marsh/Allianz. There is no insurance application paperwork to complete and insurance fees are included in the invoice along with tuition fees unless you have pre-existing medical conditions. Students with pre-existing medical conditions will need to apply for cover before leaving home.

Students should contact our Registry team as soon as possible if they decide to organise their own insurance as all insurance policies must meet a minimum standard of care and cover for Immigration New Zealand and Code of Practice requirements.

Most international students and their families are not entitled to publicly funded health services while in New Zealand. International students may be liable to pay the full costs of medical treatment in New Zealand. Full details on entitlements to publicly funded health services are available through the Ministry of Health and can be viewed on its website at **[www.health.govt.nz](http://www.health.govt.nz)**

Students who do not choose EIT's insurance must show evidence of insurance prior to departure from their home country to be able to enrol.

## ACCIDENT INSURANCE

The Accident Compensation Corporation (ACC) provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but visitors to New Zealand may still be liable for all other medical and related costs. Further information can be viewed on the ACC website at **[www.acc.co.nz](http://www.acc.co.nz)**

# FEES EXPLAINED

## TUITION FEES

Our programme tuition fees are outlined with the corresponding programme information on pages 5 and 7. The tuition fees listed are for 2025 programmes.

### Please note:

- The tuition fees listed are annual fees unless otherwise stated.
- Tuition fees include Goods and Services Tax (GST).
- Some programmes may have additional course-related costs. Please check individual programme information on our website for course-related costs not included in the tuition fees.
- English Language additional costs: e.g. IELTS exam entry fees.
- International tuition fees are reviewed each year. If a student is accepted into a programme of study that is longer than one year in duration, the fees in the second and subsequent years will not be known when the student first applies and enrolls. There may be a slight increase.
- EIT reserves the right to increase tuition fees for the subsequent semester/year. We aim to inform students what the tuition fees for subsequent years are prior to enrolment for their subsequent semester/year.

## OTHER FEES

### STUDENT SERVICES LEVY

All students also pay a Student Services Levy. This covers student services provided to all EIT students, such as sport, recreation and cultural activities, student advocacy etc. The 2025 Student Services Levy is \$378.00 for the full academic year.

Students who are only studying for a portion of an academic year will be charged the Student Services Levy on a pro-rata basis. The Student Services Levy will be identified in your invoice.

### TEXTBOOKS AND STATIONERY

Textbooks and stationery may be required for specific programmes. If required, students will receive a textbook list once they enrol in their courses and depending on the programme, textbooks can cost between \$500 and \$1,000 per semester. For programmes that do not require students to purchase any specific textbooks, New Zealand-specific content will be provided on the online study platform, EIT Online.

## EIT INTERNATIONAL STUDENT REFUND POLICY

For full details on our refund policy for international students, please see our website

[eit.ac.nz/campus/international-students/policies/](http://eit.ac.nz/campus/international-students/policies/)

## LIVING COSTS

- The cost of living in Napier is generally cheaper than the larger cities in New Zealand. Students will need to budget their weekly expenses. Students may spend more or less depending on their individual circumstances, but EIT staff members are also available to assist with budgeting information. It may take some time to secure a part-time job (if students are eligible to work in New Zealand), therefore it is important for students to have enough funds to cover living expenses for several months.

## FREE FOR OUR INTERNATIONAL STUDENTS

- Airport pickup from Napier. This service is for international students who move into homestay or other EIT arranged accommodation.
- EIT provides placement in EIT-managed accommodation in Napier for those students who apply for this service. No application fee. This service is not provided for Auckland.
- Orientation programmes are run at key entry points and are mandatory for all newly enrolling international students.
- Social events are scheduled throughout the academic year.
- Academic inquiry course for postgraduate students.

**Disclaimer** The information contained in this Prospectus is correct at the time of production (November 2024). EIT reserves the right to cancel or postpone any of the programmes, and shall not be liable for any claim other than the proportion of programme fees that the cancelled portion bears. Some programmes may be dependent upon formal approval from NZQA (New Zealand Qualifications Authority), TEC (Tertiary Education Commission) funding allocation, and the number of enrolments. As part of the NZQA targeted review of all Level 1-6 New Zealand qualifications, there may still be changes to some programmes starting in 2025. Fees, programmes, entry and selection criteria, and dates, are subject to change. Please check the relevant programme pages at [eit.ac.nz](http://eit.ac.nz) for up-to-date information and full entry regulations before applying to enrol. Information regarding English language requirements is available on each course page at [eit.ac.nz/campus/international-students/](http://eit.ac.nz/campus/international-students/)
