

For NZ Citizens and  
Permanent Residents

# Master of Logistics and Supply Chain Management Postgraduate Diploma and Postgraduate Certificate in Logistics and Supply Chain Management

The Postgraduate Programme Suite in Logistics and Supply Chain Management will prepare and upskill you so you are capable of working successfully in the 21st century national and global logistics and supply chain industry. The programmes have been specifically designed to provide postgraduate study for those with an undergraduate degree level qualification (or with industry experience deemed to be equivalent).

The programmes are designed to build on knowledge gained from previous study in business or related disciplines and in other degree study. They will provide advanced theoretical and technical skills in logistics and supply chain management and challenge you to critically assess logistics and supply chain systems. The different programmes are designed to meet differing student backgrounds and to prepare graduates for different entry points and roles within the industry.

Campus EIT Hawke's Bay

Starts February, May, July and October

Length From six months to two years full-time depending upon qualification chosen  
Equivalent part-time options available for each

# Real life, real learning, real business

## Master of Logistics and Supply Chain Management (240)

The Master of Logistics and Supply Chain Management (240) is a Level 9 programme of 240 credits at levels 8 and 9 with at least 45 credits at level 9, completed by coursework, or a combination of coursework and either a project or research.

This programme enables those who have completed a Bachelor's Degree in a non-related field to achieve a postgraduate level qualification in the logistics and supply chain management area.

You can complete the programme in two years if you study full-time or up to six years part-time, depending on your previous study and experience and specific course preferences.

## Master of Logistics and Supply Chain Management (180)

The Master of Logistics and Supply Chain Management (180) is a Level 9 programme of 180 credits at levels 8 and 9 with at least 45 credits at level 9, completed by coursework, or a combination of coursework and either a project or research.

It enables those who have completed a Bachelor's Degree in Logistics or Supply Chain, or similar, with a minimum of the equivalent to a B average (as per the EIT 11 point grading system) to achieve a postgraduate level qualification in the Logistics and Supply Chain Management area.

You can complete the programme in 18 months if you study full-time or up to six years part-time, depending on your previous study and experience and specific course preferences.

## Postgraduate Diploma in Logistics and Supply Chain Management

The Postgraduate Diploma in Logistics and Supply Chain Management is a Level 8 programme of 120 credits at levels 7 and 8, with at least 75 credits at level 8.

The programme enables those who have completed a Bachelor's Degree in Logistics or Supply Chain, or similar, with a minimum of the equivalent to a B average (as per the EIT 11 point grading system) to achieve a postgraduate level qualification in the logistics and supply chain management area.

You can complete the programme in one year full-time or up to four years part-time, depending on your previous study and experience, and specific course preferences.

Those who initially enrolled in the Master's Degrees, and are not in a position to complete it, can transfer applicable courses to the postgraduate diploma for the purposes of qualification completion.

## Postgraduate Certificate in Logistics and Supply Chain Management

The Postgraduate Certificate in Logistics and Supply Chain Management is a Level 8 programme of 60 credits.

It enables those who have completed a Bachelor's Degree in Logistics or Supply Chain, or similar, with a minimum of the equivalent to a B average (as per the EIT 11 point grading system) to achieve a postgraduate level qualification in the logistics and supply chain management area.

The programme can be completed in six months full-time or up to two years part-time, depending on your previous study and experience and specific course preferences.

The Postgraduate Certificate provides an exit qualification for those enrolled in the Master's Degrees or Postgraduate Diploma who, for some reason, are unable to complete those programme requirements.

## Subject Areas

- ▶ Inventory and Warehouse Management
- ▶ Transportation and Distribution Management
- ▶ Strategic Procurement, Partnerships and Outsourcing
- ▶ Supply Chain Data and Performance Measurement
- ▶ International Supply Chain Management

In this application pack you will find information about these programmes, descriptions for each of the subjects covered and the related fees and costs.

If you have any questions please feel free to contact us.

## YOUR FUTURE CAREER OPPORTUNITIES

Upon graduating you may follow career pathways in New Zealand or overseas by becoming self-employed business practitioners or by gaining roles with a variety of industries and agencies operating in the domestic and/or international business environment such as:

- ▶ Planner or Analyst
- ▶ Buyer
- ▶ Inventory Specialist
- ▶ Materials Planner, Materials Analyst
- ▶ Transportation Coordinator, Traffic Analyst
- ▶ Production Coordinator, Scheduler, Operations Planner/Analyst

## WHAT YOU NEED TO KNOW

### Master of Logistics and Supply Chain Management

### Postgraduate Diploma in Logistics and Supply Chain Management

### Postgraduate Certificate in Logistics and Supply Chain Management

<b>Level</b>	Level 9 (Master) Level 8 (Postgraduate Qualifications)	<b>Credits</b>	Master: 240 (A minimum of 45 credits at Level 9, with the remainder at Level 8) Master: 180 (A minimum of 45 credits at Level 9, with the remainder at Level 8) Diploma: 120 (A minimum of 75 credits at Level 8, with the remainder at Level 7) Certificate: 60 at Level 8

## KEY DATES 2021

### INTAKE ONE

Programme starts Monday, 15 February

### INTAKE TWO

Programme starts Monday, 3 May

### INTAKE THREE

Programme starts Monday, 19 July

### INTAKE FOUR

Programme starts Monday, 4 October

### EIT TERM HOLIDAYS

19 April - 30 April

5 July - 16 July

20 September - 1 October

### YEAR ENDS

Friday, 3 December

## TIMETABLE

Your study time will be made up of contact time (class times, tutorials, industry-based learning) and non-contact time (your own individual study time).

### Contact Time

On-campus classes are usually scheduled between 8.00 am and 5.00 pm, Monday to Friday.

For a current timetable, please refer to [eit.ac.nz/students/timetable](http://eit.ac.nz/students/timetable).

### Non-Contact Time

You should plan to spend approximately four hours on individual study per classroom hour.

## ADDITIONAL COSTS

- ▶ \$120 approximately per course for textbooks
- ▶ \$120 approximately per year for stationery

## ENTRY CRITERIA

A personal interview may be part of the application process.

Applicants must meet one of the following criteria:

### Master of Logistics and Supply Chain Management (240)

The academic entry requirement for the Master of Logistics and Supply Chain Management (240) is one of the following:

- ▶ A NZQF-listed undergraduate degree (or equivalent) with a minimum of a pass (as per the EIT 11 point based grading system), OR
- ▶ At the Dean's discretion, where an applicant's

situation is compelling but not covered by the requirements listed above.

### Master of Logistics and Supply Chain Management (180)

The academic entry requirement for the Master of Logistics and Supply Chain Management (180) is one of the following:

- ▶ A NZQF-listed undergraduate degree (or equivalent) in the Logistics or Supply Chain field with a minimum of the equivalent to a B average (as per the EIT 11 point grading system), OR
- ▶ A Bachelor Honours or Postgraduate degree in the Logistics or Supply Chain field with 120 credits at Level 8, OR
- ▶ A degree or equivalent professional qualification in a related field with a minimum of the equivalent to a B average (as per the EIT 11 point grading system) and evidence of

relevant experience in the Logistics or Supply Chain field at degree level, and assessment from the Programme Coordinator, OR

- ▶ At the Dean's discretion, where an applicant's situation is compelling but not covered by the requirements listed above.

NB: A Master of Logistics and Supply Chain applicant who does not meet the entry criteria above may be admitted to the Postgraduate Certificate in Logistics and Supply Chain Management and, upon successful completion of four courses (with a minimum B average) from the schedule of courses may be admitted to the Master of Logistics and Supply Chain Management.

### Postgraduate Diploma and Postgraduate Certificate in Logistics and Supply Chain Management

The academic entry requirement for the Postgraduate Diploma/Certificate in Logistics and Supply Chain Management is one of the following:

- ▶ An NZQF-listed undergraduate degree (or equivalent) in Logistics or Supply Chain field, OR
- ▶ An undergraduate degree in a related field with a minimum of the equivalent to a B average (as per the EIT 11 point grading system), subject to assessment by the Programme Coordinator, OR
- ▶ At the Dean's discretion, where an applicant's situation is compelling but not covered by the requirements listed above.

### ENGLISH LANGUAGE ENTRY REQUIREMENT

All applicants must demonstrate an acceptable level of English language fluency prior to acceptance in their programme. For international applicants, ways in which English language fluency may be demonstrated include the following:

- ▶ Successful study of a programme in which English was the language of instruction (conditions apply).
- ▶ Completion of a New Zealand Certificate in English Language (Level 5 with any endorsement).
- ▶ IELTS Academic score of 6.5, with no band score lower than 6, achieved in a single test within the two years preceding enrolment.
- ▶ Completion of accepted international English language proficiency tests (refer to NZQA English language entry requirements for international students) with scores equivalent to the IELTS scores above.

An international applicant must be in possession of an appropriate visa for the duration of their programme.

### ENTRY WITH CREDIT

A Master of Logistics and Supply Chain Management or Postgraduate Diploma/Certificate in Logistics and Supply Chain Management applicant may apply for academic credit in terms of (i) Credit Recognition and Transfer (CRT) and/or (ii) Recognition of Prior Learning (RPL).

- CRT and RPL will only be considered for courses completed at EIT or elsewhere, not for courses that have already been granted CRT or RPL elsewhere.
- The Postgraduate Programme Cluster Committee will have discretion in the granting of academic credit.
- Academic credit may be awarded only at Level 8.
- Academic credit may be awarded as:
  - specified credit where there is a substantial match between previous learning and the course(s) for which academic credit is sought, OR
  - unspecified credit where the learning is broadly relevant to the relevant Logistics and Supply Chain Management qualification and can be determined to be equivalent to NZQF Level 8.

For a Master of Logistics and Supply Chain Management applicant, a maximum of 120 credits may be awarded, including a maximum of 90 unspecified credits, with the remainder specified. Any unspecified credit awarded must contribute directly to the Graduate Profile.

For a Postgraduate Diploma in Logistics and Supply Chain Management applicant, a maximum of 90 credits may be awarded, including a maximum of 60 unspecified credits, with the remainder specified. Any unspecified credit awarded must contribute directly to the Graduate Profile.

For a Postgraduate Certificate in Logistics and Supply Chain Management applicant, a maximum of 30 credits may be awarded, either specified or unspecified. Any unspecified credit awarded must contribute directly to the Graduate Profile.

You will be asked to provide details of anything that you would like considered as credit toward your intended programme of study, as part of your application.

CRT and RPL cannot be awarded for a course if you are enrolled in that course. **You must apply prior to enrolment in the course.**

CRT may be granted from other degree programmes, providing they are not part of the entry qualification.

For further information and enquiries about CRT and RPL please contact the School of Business Secretary, on 06 830 1138.

### ASSESSMENTS

In these programmes assessment is used to engage you in learning that is productive and feedback from assessment is used to actively improve your learning. Lecturers create a system to support your learning in which you and lecturers are active participants in the learning process.

Design of assessment follows the principles of constructive alignment where the starting point is with the desired student and graduate outcomes and the curriculum, teaching methods and assessment design are all aligned to those outcomes.

Assessment is achievement based. Achievement based assessment measures your performance in relation to criteria which are specified in terms of grades and levels. This type of assessment is used for the majority of the assessment in the programme and for all course results.

### THE EXPERIENCE YOU NEED & THE SUPPORT TO SUCCEED

When you study at EIT you'll get the kind of experiences that will help you gain the knowledge and skills to get ahead.

You'll also be supported by lecturers and tutors who are here for you, within a learning environment where you are treated as an individual, not just a number. They'll know your name and you'll receive one-on-one attention to make sure you get the support to succeed.

## WORLD CLASS TEACHING STAFF

The Tertiary Education Commission rates EIT as one of New Zealand's top institutes of technology and polytechnics for research. Our highly-qualified academics are leaders in their subjects, delivering the most up-to-date and relevant information to certificate, diploma, degree and postgraduate students. Attuned to ever-changing technologies, our tutors bring extensive work experience to teaching EIT's industry-tailored programmes.

We value our partnership with students and aim to provide quality education in a supportive environment, encouraging personal growth and professional development.

NAME	QUALIFICATION
Dr Jonathan Sibley Programme Coordinator	PhD, MBA (Dist), BA, F Fin

## PROGRAMME INFORMATION

### Master of Logistics and Supply Chain Management (240)

A total of 240 credits with:

- ▶ A minimum of 45 credits at level 9 selected according to the Master's Degree pathway chosen from those available in Table 3: Master of Logistics and Supply Chain Management Level 9 Pathways.
- ▶ A maximum of 60 elective credits at Level 8.
- ▶ The remainder of Level 8 credits chosen from Table 2: Schedule of Level 8 Courses including at least 60 credits from the Logistics and Supply Chain Management schedule of courses.
- ▶ Students who have not studied for some time, or who do not have an undergraduate degree in a relevant discipline or whose entry qualification was completed outside New Zealand will be counselled to undertake the following four courses which will give them the targeted research and study skill foundation required to complete the programme:
  - PGSCR8.100 Scholarly Communication & Reflection
  - PGISE8.200 Information Sourcing & Evaluation
  - PGQM8.400 Quantitative Methods and Contemporary Tools
  - MAPM8.700 The Contemporary Global Business Environment

### Master of Logistics and Supply Chain Management (180)

A total of 180 credits with:

- ▶ A minimum of 45 credits at level 9 selected according to the Master's Degree pathway chosen from those available in Table 3: Master of Logistics and Supply Chain Management Level 9 Pathways.

- ▶ A maximum of 60 elective credits at Level 8.
- ▶ The remainder of Level 8 credits chosen from Table 2: Schedule of Level 8 Courses including at least 60 credits from the Logistics and Supply Chain Management schedule of courses.

### Postgraduate Diploma in Logistics and Supply Chain Management

A total of 120 credits with:

- ▶ A minimum of 75 credits at level 8 chosen from Table 2: Schedule of Courses including at least 60 credits from the Logistics and Supply Chain Management schedule of courses.
- ▶ A maximum of 45 elective credits which may include Level 7 and/or Level 8 courses.

### Postgraduate Certificate in Logistics and Supply Chain Management

- ▶ A total of 60 credits chosen from Table 2: Schedule of Courses including at least 45 credits from the Logistics and Supply Chain Management schedule of courses.

## COURSE DESCRIPTIONS

Course offering may be subject to change.

In the following descriptions: P = Pre-requisite courses which must be studied before.

COURSE NO.	LEVEL 8 BRIEF DESCRIPTION	NO. OF CREDITS	NZQA LEVEL
PGSCR8.100	<b>Scholarly Communication and Reflection</b> The aim of this course is for students to develop advanced knowledge and skills in critical analysis, scholarly communication and reflective practice in the context of their discipline.	15	8
PGISE8.200	<b>Information Sourcing and Evaluation</b> The aim of this course is for students to develop the knowledge and skills to locate and interpret scholarly information in context of their discipline.	15	8
PGQM8.400	<b>Quantitative Methods and Contemporary Tools</b> The aim of this course is for students to develop knowledge and skills in quantitative data analysis techniques and contemporary tools used by organisations.	15	8
PGITP8.500	<b>Professional Practice</b> The aim of this course is for students to build on existing knowledge and skills of good practice and professionalism within the context of a relevant industry.	15	8
MAPM8.400	<b>Global Strategies in Business</b> This course aims to develop a management perspective of strategic management principles and processes in an entrepreneurial context. Students will undertake self-directed research to demonstrate their capability to effectively apply these principles with the purpose of achieving sustainable strategic competitiveness and above-average financial returns within New Zealand's small to medium-sized enterprises and global milieu. The application of Māori business perspectives in the global context is encouraged.	15	8
MAPM8.700	<b>The Contemporary Global Business Environment</b> This course aims to develop the knowledge and skills necessary to manage and develop organisations in the contemporary networked, globalised and constantly evolving business environment.	15	8
LSCPG8.100	<b>Inventory and Warehouse Management</b> This course enables students to develop advanced knowledge and skills to optimise inventory and warehouse planning, management and performance for enterprises in logistics and supply chain networks.	15	8
LSCPG8.200	<b>Transportation and Distribution Management</b> This course enables students to develop advanced knowledge and skills to optimize transportation and distribution processes and procedures in logistics and supply chain networks.	15	8
LSCPG8.300	<b>Strategic Procurement, Partnerships and Outsourcing</b> This course allows students to develop advanced knowledge and skills related to an enterprise's strategic procurement, partnership relations and outsourcing in logistics and supply chain networks.	15	8
LSCPG8.400	<b>Supply Chain Data and Performance Measurement</b> The aim of this course is to enable students to develop advanced knowledge and skills in integrated data analysis, performance measurement and management systems. P PGQM8.400 Quantitative Methods and Contemporary Tools C PGDAV8.100 Data Analytics and Visualisation	15	8
LSCPG8.500	<b>International Supply Chain Management</b> The aim of this course is to enable students to develop advanced knowledge and skills in designing, managing and improving international logistics and supply chain management networks.	15	8
PGRM8.100	<b>Applied Research Methods</b> The aim of the course is to provide students with knowledge and skills related to research methodologies appropriate for conducting research in a range of disciplines.	15	8
PGRP8.100	<b>Research Proposal</b> The aim of this course is to support students' in identifying a problem or issue in their field of study or work and formulating a comprehensive and implementable research proposal to address this problem or issue. P PGRM8.100 Applied Research Methods	15	8
PGDAV8.100	<b>Data Analytics and Visualisation</b> The aim of this course is to provide students with learning opportunities to develop advanced knowledge and skills in data analytics and data wrangling for effective data-driven decision making and data visualization.	15	8
PGST8.100	<b>Special Topic</b> The aim of this course is to develop students' knowledge, skills and techniques related to research and problem solving, and to support them in applying these in a small-scale study addressing an existing or emerging problem or issue in their discipline or industry.	15	8
PGMS8.415	<b>He Hokinga Mahara (Māori Research Methodologies And Proposal)</b> This course aims to further students' existing knowledge of research methodologies and to assist them in formulating a comprehensive and implementable research proposal within their field of study or work.	30	8

COURSE NO.	LEVEL 9 BRIEF DESCRIPTION	NO. OF CREDITS	NZQA LEVEL
PGST9.100	<p><b>Special Topic II</b></p> <p>The aim of this course is to further develop students' knowledge, skills and techniques related to research and problem solving gained throughout the programme, and to support them in applying these in an in-depth study addressing an existing or emerging problem or issue in their discipline or industry.</p>	15	9
PGCCC9.200	<p><b>Communicating Complex Concepts</b></p> <p>This course aims to advance students' ability to communicate complex concepts from their field of study in simple terms appropriate to different audiences in order to contribute to others' understanding and the dissemination of knowledge.</p>	15	9
PGAC9.300	<p><b>Applied Capstone</b></p> <p>This course allows students to integrate the knowledge and skills they have acquired thus far in the programme by working on complex cases, developing problem solving and work management skills relevant to organisational and/or workplace contexts.</p>	15	9
PGISP9.400	<p><b>Independent Scholarly Project</b></p> <p>This course provides the opportunity for students to be guided step-by-step in integrating the knowledge and skills acquired throughout the programme, and extending these, by conducting and reporting on desk based research.</p>	30	9
PGARR9.500	<p><b>Applied Research Report</b></p> <p>This course aims to support students' independent application and further development of knowledge and skills acquired throughout the programme in conducting scholarly research on a specific issue or problem in their field of study.</p> <p>P PGRM8.100 Research Methods &amp; Research Proposal OR PGMS8.415 He Hokinga Mahara</p>	45	9
PGIP9.600	<p><b>Integrated Project</b></p> <p>This course aims to support students in applying and further developing the knowledge and skills gained throughout the programme by reporting on or designing solutions for existing or emerging problems or issues within the industry or workplace.</p> <p>P PGRM8.100 Research Methods &amp; Research Proposal OR PGMS8.415 He Hokinga Mahara</p>	45	9
PGARD9.700	<p><b>Applied Research Dissertation</b></p> <p>This course aims to support students' independent application and further development of knowledge and skills acquired throughout the programme in conducting scholarly research, based on thorough critical examination of and extensive body of literature, on a specific issue or problem in their field of study and potential solutions, and making recommendations for potential solutions.</p> <p>P PGRM8.100 Research Methods &amp; Research Proposal OR PGMS8.415 He Hokinga Mahara</p>	60	9
PGEIP9.800	<p><b>Extended Integrated Project</b></p> <p>This course aims to support students in applying and further developing the knowledge and skills gained at Level 8 by reporting on or designing solutions for existing or emerging problems or issues within the industry or workplace and critically evaluating the outcomes.</p> <p>P PGRM8.100 Research Methods &amp; Research Proposal OR PGMS8.415 He Hokinga Mahara</p>	60	9
PGPP9.480	<p><b>Te Aka Niwhaniwha: Community/Work-Based Project</b></p> <p>This course enables the student to engage in a work-based project (WBP) in collaboration with an organisation relevant to the student's specific context. Through a negotiated project, the student will demonstrate research proficiency and/or analytical skills relevant to advanced work in his/her professional practice field.</p> <p>The project may be one in which the student is based primarily on-site at the organisation; offsite, where the student is doing research on behalf of the organisation; or a mixture of the two.</p>	60	9
PGART9.900	<p><b>Applied Research Thesis</b></p> <p>In this course, the student will independently conduct research and report their findings in the form of a thesis.</p> <p>P PGRM8.100 Research Methods &amp; Research Proposal OR PGMS8.415 He Hokinga Mahara</p>	90	9

# HOW TO ENROL

There is an easy 3-step process to follow when enrolling at EIT.

## STEP 1

Check out the programmes online to see the programmes available for you to study. A copy of the course information for each programme is available online.

## STEP 2

You can now use your RealMe verified identity to apply for study at EIT. If you use your RealMe verified identity you will no longer be sent a copy of your application form to sign. You also will not need to provide us with a copy of your primary ID.

If you apply online without using RealMe then you will be sent a summary of your enrolment to check and sign. Your enrolment cannot progress until you have sent this back to us. Please return this quickly along with any documentation we request from you.

You can also apply using a paper enrolment form. Please call us on **0800 22 55 348** and we will send you one out.

You will receive an acceptance letter from your Faculty with programme information. This will include the start date of your study and any special information regarding your programme.

It may also include course selection forms which you need to complete and return to EIT. Depending on your chosen programme of study, you may be invited to attend an interview before you are accepted.

## STEP 3

Arrangement for full payment of enrolment fees must be made before the start of your programme. You will receive an invoice with payment details.

**Fees-Free government scheme:** Tertiary education is fees-free for eligible domestic tertiary students. To check if you are eligible, go to **FeesFree.govt.nz** and enter your National Student Number (NSN). If you are not eligible you will be responsible for paying your fees.

**Scholarships and grants:** Scholarships and grants make life easier by helping to cover your fees, other costs and living expenses while you study. You don't always need to be an academic high-flyer to qualify. You can find out more about scholarships and other options for paying your fees at **eit.ac.nz**.

**StudyLink:** If you need to pay for your own study you can choose to apply for your Student Loan and Student Allowance with StudyLink. You should do this early, even if you haven't yet been accepted on your programme. You can change your details later if anything changes. Visit **studylink.govt.nz** to find out more about StudyLink.

## STUDENT SERVICES LEVY

The Student Services Levy is a compulsory non-tuition fee that is charged to students enrolled at EIT. The levy is to contribute to the provision of quality student services that support learning. The funds received by EIT from the levy are ring-fenced, meaning they can only be spent on student services.

## STUDENT LOANS AND ALLOWANCES

StudyLink is a service of the Ministry of Social Development. Apply well before your programme begins (even if you haven't been accepted yet) so you'll be ready to get your payments when you need them most.

Check out what you qualify for at [studylink.govt.nz](http://studylink.govt.nz).
