Entry with Credit

You may already have some knowledge or skills that can be recognised as part of your intended study. This may take a number of different forms including study while at high school, study at a private training establishment, workplace training, other tertiary study, life experiences or voluntary work. If you think you may qualify, you may want to apply for Cross Credit (CC) or Recognition of Prior Learning (RPL).

- CC is based on the equivalency of courses or qualifications. You would apply for CC if you have passed a very similar course at the same level.
- RPL is based on the assessment of your current knowledge and skills. You would apply for RPL if you had gained the relevant knowledge and skills through life experiences and informal learning situations.

You will be asked to provide details of anything that you would like considered as credit toward your intended programme of study, as part of your application.

You must apply prior to enrolment. CC and RPL cannot be awarded for a course if you are already enrolled in that course.

For further information and enquiries about CC and RPL please contact the Programme Administrator, Kenzie Turnbull, on 06 830 1439 or email kturnbull@eit.ac.nz.

Credit Transfers/Cross Credits

A similar qualification may be delivered at a number of other tertiary institutes around New Zealand. If you were to transfer to one of those other institutes you may be granted academic credit for some of the papers completed successfully while studying at EIT, but this is at the discretion of the other institute.

Please note: Fees are not transferable between institutes.

Literacy and Numeracy Skills

A literacy and numeracy assessment is part of the preparation for all level one to three programmes. This is a national requirement from the Tertiary Education Commission (TEC). This information gives your tutors information on what you already know to help them provide the help that you may need in your studies.

There are two assessments. The first assessment will take place within the first three weeks of the programme. The second will be a week or two before you finish the programme. This final assessment will show how you have improved with your Literacy and Numeracy skills.

There will always be a tutor to help you when doing the assessment. The most important thing to know about this assessment is that you cannot fail. You will merely get information on your literacy and numeracy skills. The result will not have an impact on any of your assessment marks in your course work.

Assessments

The NZ Certificate in Foundation Skills (Hair and Beauty) [Level 2] programme has been designed around task-based learning. Project-based assessments will be completed to evaluate the skills of each student so you know how well you are doing.

This programme is taught in purpose built facilities and the programme also links with the EIT hairdressing salon ELITE; Refresh beauty therapy clinic, FadelT Barber shop and the Pettigrew Green Arena EIT teaching gym.
