Entry Requirements

Academic Requirements

- NCEA Level 1

Literacy and Numeracy for Adults Assessment Tool or similar assessment of literacy and numeracy may be required.

Applicants 20 Years or Over

There are no minimum academic requirements. However, applicants will need to provide their CV detailing any relevant work experience and academic achievements. The Programme Coordinator will use this information to assess whether the applicant is likely to successfully complete the NZ Certificate in Makeup and Skin Care (Introduction) [Level 3].

Alternative Academic Entry Assessment

The alternative academic entry assessment will measure applicants' Literacy and Numeracy ability to ensure that it is of a level to cope with the demands of the programme.

Health and Professional Requirements

All applicants are required to:

- Sign a declaration that they are in good health (having no medical, physical or psychological conditions that would preclude working with vulnerable clients).

This request is consistent with industry expectations and the type of work undertaken whilst on the programme or as a graduate of the programme.

If the declaration identifies any issue that may impact your ability to complete the programme, you can discuss this with the Programme Coordinator at an information session. EIT reserves the right to decline entry to the programme should an applicant's health difficulties be such that they would be considered unsuitable for the type of work undertaken whilst on this programme or by graduates of this programme. The guidelines on which this decision is based are the relevant professional association or industry requirements.

Information Session

An information session is compulsory for those who do not meet the entry criteria and it is recommended for those who do meet the entry criteria. It will allow parties to exchange information about what the programme provides for students and requirements of students. Included will be discussion of possible career paths for the applicant, motivation and physical and emotional requirements, and applicant's abilities, background, experiences and interests. Attendance of whānau members and/or other support people is encouraged.

Entry with Credit

You may already have some knowledge or skills that can be recognised as part of your intended study. This may take a number of different forms including study while at high school, study at a private training establishment, workplace training, other tertiary study, life experiences or voluntary work. If you think you may qualify, you may want to apply for Cross Credit (CC) or Recognition of Prior Learning (RPL).

- CC is based on the equivalency of courses or qualifications. You would apply for CC if you have passed a very similar course at the same level.
- RPL is based on the assessment of your current knowledge and skills. You would apply for RPL if you had gained the relevant knowledge and skills through life experiences and informal learning situations.

You will be asked to provide details of anything that you would like considered as credit toward your intended programme of study, as part of your application.

You must apply prior to enrolment. CC and RPL cannot be awarded for a course if you are already enrolled in that course.

For further information and enquiries about CC and RPL please contact the Programme Administrator, Kenzie Turnbull, on 06 830 1439 or email kturnbull@eit.ac.nz.

Literacy and Numeracy Skills

A literacy and numeracy assessment is part of the preparation for all level one to three programmes. This is a national requirement from the Tertiary Education Commission (TEC). This information gives your tutors information on what you already know to help them provide the help that you may need in your studies.

There are two assessments. The first assessment will take place within the first three weeks of the programme. The second will be a week or two before you finish the programme. This final assessment will show how you have improved with your Literacy and Numeracy skills.

There will always be a tutor to help you when doing the assessment. The most important thing to know about this assessment is that you cannot fail. You will merely get information on your literacy and numeracy skills. The result will not have an impact on any of your assessment marks in your course work.

Facilities

The Makeup and Skin Care programme is delivered at the EIT Maraenui and Hastings Learning Centres. The practical aspect of the programme will see you working with other students utilising your new skills in makeup and skin care. Nearby are many skin care and makeup retail outlets, which allows students to explore the professional aspects of the industry.

Assessments

Assessments include essays, case studies, assignments, written exams and practical demonstration of skills.

How to Enrol

There is an easy 3-step process to follow when enrolling at EIT.

Step 1

Check out eit.ac.nz to see the programmes available for you to study. A copy of the course information for each programme is available on our website.

Step 2

You can now use your RealMe verified identity to apply for study at EIT. If you use your RealMe verified identity you will no longer be sent a copy of your application form to sign. You also will not need to provide us with a copy of your primary ID.

If you apply online without using RealMe then you will be sent a summary of your enrolment to check and sign. It will also include course selection forms which you need to complete and return. Your enrolment cannot progress until you have sent the summary and forms back to us.

You can also apply using a paper enrolment form. Please call us on 0800 22 55 348 and we will send you one.

You will receive an acceptance letter from your Faculty with programme information. This will include the start date of your study and any special information regarding your programme. Depending on your chosen programme of study, you may be invited to attend an interview before you are accepted.

Step 3

Arrangement for full payment of enrolment fees must be made before the start of your programme. You will receive an invoice with payment details.

Fees Free Government Scheme: Tertiary education is fees-free for eligible domestic tertiary students. To check if you are eligible, go to FeesFree.govt.nz and enter your National Student Number (NSN). If you are not eligible you will be responsible for paying your fees.

Scholarships and Grants: Scholarships and grants make life easier by helping to cover your fees, other costs and living expenses while you study. You don't always need to be an academic high-flyer to qualify. You can find out more about scholarships and other options for paying your fees at eit.ac.nz.

StudyLink: If you need to pay for your own study you can choose to apply for your Student Loan and Student Allowance with StudyLink. You should do this early, even if you haven't yet been accepted on your programme. You can change your details later if anything changes. Visit studylink.govt.nz to find out more about StudyLink.

Student Services Levy

The student services levy is a compulsory non-tuition fee that is charged to students enrolled at EIT. The levy is to contribute to the provision of quality student services that support learning. The funds received by EIT from the levy are ring-fenced, meaning they can only be spent on student services.

Student Loans and Allowances

StudyLink is a service of the Ministry of Social Development. Apply well before your programme begins (even if you haven't been accepted yet) so you'll be ready to get your payments when you need them most.
