WHAT YOU WILL LEARN

The BSES programme is a full-time, three year programme that offers stimulating degree studies, enabling you to become a highly regarded industry professional within the sport, health and exercise science sectors.

The programme enables graduates to enter employment in the sport, exercise and recreation industry with a sound knowledge of:

- Anatomy and physiology
- Exercise and sport science
- Nutrition and health
- Sport coaching and psychology
- Industry projects
- Research and professional practice skills

This programme is designed to develop:

- Technical skills related to sport and exercise science
- Communication skills necessary for negotiation, coaching, scientific and management level presentations
- Research skills, critical thinking and problem solving skills necessary to evaluate new information, concepts and evidence from a range of sources
- Professional skills which meet the needs of industry and society/communities, and that will enable you to continue to consolidate, apply and extend your knowledge

You are welcome to make an appointment to discuss your study options with our staff and to view our facilities.

FACILITIES

Practical studies take place in the Pettigrew Green Arena and the EIT Institute of Sport and Health. These facilities include a practical teaching space, an exercise science laboratory, a theatre for lectures and presentations for up to 80 people, changing rooms, consulting rooms, office and administration area and a massage room. Students complement their studies with access to the EIT Sport Science laboratory for advanced testing.

Included in the enrolment for the Bachelor of Sport and Exercise Science is a user agreement to the Pettigrew Green Arena gym facilities. Further details will be provided on acceptance into the programme.
