## LIVE THE LANGUAGE – OUR MOTTO

We believe there is more to learning English than just spending time in the classroom. To encourage students to practice speaking English and to expose them to native speakers in the community, we organise activities within the curriculum to encourage learning in everyday situations. This may include trips to businesses and sites of cultural and historical interest. Students will bring back information and experiences to share in the classroom.

## LEARNING OUTSIDE THE CLASSROOM

Students undertaking the NZCEL and English Language Short Courses will have many opportunities to practice their English outside the classroom. Classes will head out to locations such as the museum, the port, the farm and even to other cities outside Hawke's Bay. These field trips provide a great platform for students to use their language in a real life context.

## ACCOMMODATION

There is a varied range of accommodation options available to suit all students' circumstances and budgets. For more information about accommodation options, pages 34 and 35.
