

# MASTER / POSTGRADUATE DIPLOMA / POSTGRADUATE CERTIFICATE IN DIGITAL BUSINESS 2023

Information for international applicants, July - December 2023

Advance your knowledge, skills and entrepreneurship to problem-solve issues and effectively manage solutions in the constantly evolving global business environment.

The Digital Business suite of postgraduate programmes focuses on providing a management perspective on contemporary and emerging technologies. Graduates of the programmes will be equipped with the ability to harness digital technologies. This enables them to manage technology for businesses and effect digital transformation for organisations.

The Digital Business postgraduate suite of programmes includes three separate qualifications. These programmes are designed to meet a range of educational and professional backgrounds to support students' future career aspirations.

## CAREER OPPORTUNITIES

Potential career pathways derive from the synergy between the field of business and technology, both from a strategic perspective and the need to harness technology more effectively. Graduates of these programmes will be able to seek employment as:

- Automation Manager
- Brand and Digital Marketing Manager
- Business Transformation Consultant
- Digital Business Analyst
- Digital Marketers
- Digital Platform Managers
- Digital Strategy E-Commerce Director
- E-Commerce Entrepreneur
- IT & Strategy Consultant
- Project Managers (Technology)
- Startup Entrepreneur
- Social Media Planners

## MASTER OF DIGITAL BUSINESS

The Master of Digital Business is a Level 9 programme of either 180 credits or 240 credits at Levels 8 and 9 with at least 45 credits at Level 9, completed by coursework or a combination of coursework and either a project or research. It enables those who have completed a bachelor's degree in a non-related field to achieve a postgraduate level qualification in the digital business area.

The programme can be completed in 18 months full-time\* for the 180 credit Masters or 2 years full-time\* for the 240 credit Masters.

Progressing on from the Postgraduate Diploma, this programme seeks to develop students' ability to:

- Employ advanced conceptual and theoretical knowledge to improve functional areas of digital business
- Critically evaluate the impact of social, ethical, cultural and sustainability dimensions on digital business contexts
- Lead and execute digital transformation strategies and decision-making processes to solve complex business problems
- Synthesise information from a range of contemporary sources to inform effective, efficient recommendations to improve business outcomes.
- Pursue lifelong learning, applying values and attitudes consistent with responsible citizenship and professional community membership
- Think critically and participate in investigative research in a wide range of digital business contexts

The programme includes the following subject areas:

- E-commerce
- Entrepreneurship
- Digital Marketing
- Management of Emerging Technologies

### Coursework

A broad range of courses are offered from which students can select courses to further develop their professional knowledge and skills.

### Industry Integrated

This programme is tailored to meet both students' and their organisation's development requirements.

### Research

This programme allows students to undertake a significant applied research project to further develop research skills and applied knowledge.

The three pathways emphasise the application of knowledge to provide you with the opportunity to apply knowledge in the workplace and to focus on an aspect of management through completion of a range of applied research projects.

You can pathway into a Postgraduate Diploma or Master of Digital Business by completing a Postgraduate Certificate in one of the following specialist areas:

- Applied Management
- Business Analytics
- Digital Business
- Information Technology
- Logistics and Supply Chain Management

## POSTGRADUATE DIPLOMA IN DIGITAL BUSINESS

The Postgraduate Diploma in Digital Business is a Level 8 programme of 120 credits at Levels 7 and 8, with at least 75 credits at Level 8, which enables those who have completed a bachelor degree in business or similar to achieve a postgraduate level qualification in the digital business area.

Those who wish to progress from the Postgraduate Diploma in Digital Business to the Master of Digital Business will need to complete eight courses (120 credits) at Level 8.

The programme can be completed in one year full-time or up to four years part-time, depending on your previous study and experience and specific course preferences. It can act as an entry point into the Master's degree if you do not initially meet the entry requirement and need to demonstrate your ability to study at a postgraduate level. Alternatively, if you initially enrolled in the Master's degree and are not in a position to complete it, you can transfer any applicable courses to the postgraduate diploma for the purposes of qualification completion.

## POSTGRADUATE CERTIFICATE IN DIGITAL BUSINESS

The Postgraduate Certificate in Digital Business is a Level 8 programme of 60 credits, which enables those who have completed a bachelor degree in business, or similar, to achieve a postgraduate level qualification in the digital business area.

The programme can be completed in six months full-time\*. It can act as an entry point into the Master's degree for those who don't initially meet the entry requirements, and need to demonstrate their ability to study at postgraduate level. It also provides an exit qualification if you have enrolled in the Master's degree and, for some reason, are unable to complete the degree.

In this application pack you will find information about this programme, descriptions for each of the subjects covered and the related fees and costs.

\* Part-time study is available but must be completed within 6 years.

## ONLINE TO ON-CAMPUS STUDY\*

### CHOOSE AN ONLINE STUDY PATHWAY TO SUIT YOU

EIT offers a suite of programmes at Postgraduate Certificate, Postgraduate Diploma and Master's degree levels in Digital Business. These programmes provide you with the option and flexibility to study online from wherever you are.

With face to face study not possible for many in the current world climate, online study allows you to learn at your own pace to fit in with your work and lifestyle.

You can now study your Master's degree programme fully online. Alternatively you can start with a Postgraduate Certificate online

followed by further postgraduate study on-campus. Studying online for a Postgraduate Certificate gives you the opportunity to gain a stand-alone, globally recognised qualification and then pathway into a Postgraduate Diploma or Masters at EIT when you are able to travel to New Zealand.\*

Our online programmes feature a hands-on, engaging approach to learning along with the support you need to succeed. Designed with an industry focus, our cutting-edge programmes are taught by lecturers who are experts in their field.

## DIGITAL BUSINESS POSTGRADUATE SUITE STRUCTURE

### POSTGRADUATE CERTIFICATE (60 CREDITS)

A total of 60 credits at Level 8.

- At least 30 credits from the Digital Business specific courses.\*\*

### POSTGRADUATE DIPLOMA (120 CREDITS)

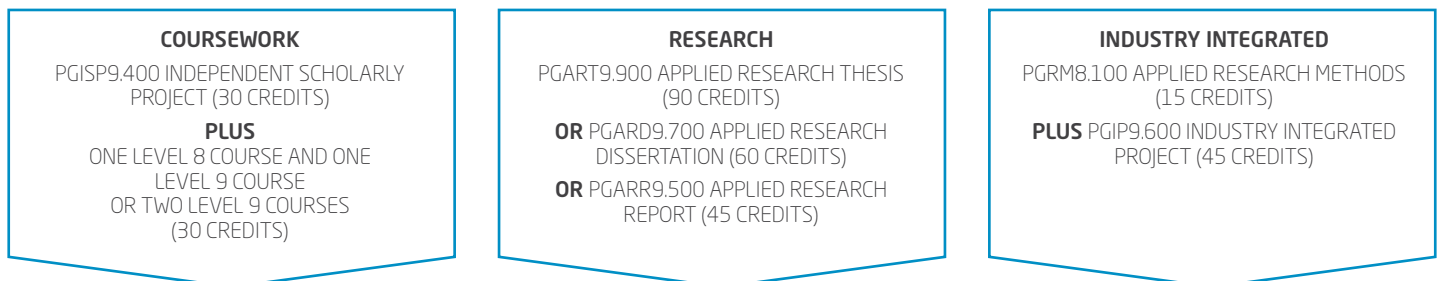

A total of 120 credits at Level 8 (students may select up to 45 Level 8 elective credits from available courses in Applied Management or Logistics or Supply Chain Management).

- At least 30 credits from the Digital Business specific courses.\*\*

\*\* Digital Business specific courses are prefixed by DBPG as listed in this information sheet under Course Descriptions.

### MASTER'S DEGREE (180 CREDITS)

A total of 180 credits with a minimum of 45 credits at Level 9, with the remainder at Level 8. Complete one of the following pathways:

### MASTER'S DEGREE (240 CREDITS)

The 240 credit programme is distinguished from the 180 credit programme by an initial phase of courses which prepare you for Master's level study.

\* Restrictions apply based on EIT programme eligibility criteria. Students must be outside New Zealand to study online programmes. EIT programmes are approved by the New Zealand Qualifications Authority (NZQA), however students are advised to check that qualifications awarded via online delivery are recognised in the jurisdiction they intend to use them in. To study onshore in New Zealand, students must meet current Immigration New Zealand requirements for a student visa. For more information please see the [Immigration New Zealand website](#).

## ACADEMIC ENTRY REQUIREMENTS

### Master of Digital Business (180 Credits)

An undergraduate degree in the computing, information technology, business or management field with a minimum of a B average.

Where the candidate's undergraduate degree does not provide the basis of study at the level required for more advanced study, students will be required to enrol in the Postgraduate Diploma in Digital Business before continuing to Master's degree level (180 credits). Alternatively, students can apply for the 2 year Masters (240 credit) if they meet the entry criteria for this programme.

### Master of Digital Business (240 Credits)

- An undergraduate degree or graduate diploma.
- Other graduate qualifications and industry experience may be considered. Please contact the International Centre for further information: [international@eit.ac.nz](mailto:international@eit.ac.nz)

### Postgraduate Diploma in Digital Business

An undergraduate degree in the computing, information technology, business or management field.

### Postgraduate Certificate in Digital Business

An undergraduate degree in the computing, information technology, business or management field.

## ENGLISH LANGUAGE ENTRY REQUIREMENTS

PTE (Academic) score of 58 with no band score lower than 50 or IELTS (Academic) score of 6.5 with no band score lower than 6.0 (or equivalent) achieved within the last 2 years.

## ONLINE STUDY REQUIREMENTS

For online study, you must have the following available to be able to utilise the online learning environment and have access to industry:

- Desktop or laptop computer or other appropriate electronic device not older than five years
- Reliable broadband internet connection
- Software as required

When you study online at EIT, you enter your course through the EIT Online website. After logging in, you can access your course materials such as readings, learning activities and assessments. Online communication tools such as discussion forums and chat let you interact with your teacher and classmates.

You will be supported in how to do this and receive relevant training for specific software. Many students find that online learning offers them the flexibility to study when, where and how they want.

## FACILITIES

EIT's Hawke's Bay and Auckland campuses offer pleasant environments for study which emphasise small class sizes in a range of general purpose rooms all with data show equipment. In the state-of-the-art Information Technology Complex at the Hawke's Bay campus there are nine networked computer laboratories with 24 student stations in each. There are also specific labs for software development, hardware, multimedia and a room for computer study.

## ASSESSMENTS

All Level 8 and Level 9 course work assessments are marked internally. Assessments consist of assignments, tests, practical demonstrations, presentations, projects and case studies.

Assessments for supervised courses with a credit value of 30 credits or more are independently examined.

It is EIT policy to independently moderate all assignments and assessments.

## THE EXPERIENCE YOU NEED & THE SUPPORT TO SUCCEED

When you study at EIT you'll get the kind of experiences that will help you gain the knowledge and skills to get ahead.

You'll also be supported by lecturers and tutors who are here for you, within a learning environment where you are treated as an individual, not just a number. They'll know your name and you'll receive one-on-one attention to make sure you get the support to succeed.

## TIMETABLE

Your study time will be made up of contact time (class times, tutorials, industry-based learning) and non-contact time (your own individual study time, online learning).

## CONTACT TIME

Postgraduate courses are taught fully online or through blended delivery on-campus in New Zealand. Blended means part of the course will be communicated and completed online; with the rest consisting of self-directed activities, field work, and on-campus workshops. For each 15 credit course, students are expected to attend approximately 4 hours of online classes and workshops per week.

Level 9 courses are principally supervised independent study. The Capstone course includes face-to-face and simulation components.

Elective courses from other EIT schools may be delivered using a different modality. You should consult the appropriate school's Postgraduate Handbook and course timetable.

## NON-CONTACT TIME

You should plan to spend 15 hours of individual study per 15 credit course per week.

## COURSE DESCRIPTIONS

NB: Courses may be delivered by lecturers who are based at either our Auckland or Napier campuses. Courses are offered subject to sufficient enrolments being received. Courses may differ depending on selected campus. In the following descriptions:

P= Pre-requisite – courses which must be studied before C= Co-requisite – courses which can be studied before or at the same time

LEVEL 8 COURSE NO	BRIEF DESCRIPTION	LEVEL	CREDITS
